THE MUNICIPAL BUILDING OF NEW YORK CITY

Erected with up-to-date skill and material built on practically a solid stone rock is the new Municipal Building, New York. The entire building was built by union men of all trades, coming from all parts of the United States, likewise the material that was used to build it, and it takes brothers and brotherhood to

and City Hall Park, N. Y. It has twenty-five floors, two sub-floors and ten floors in the tower above the 25th floor, making a total of thirty-seven stories,—some building. There are many buildings in the city of New York and city officials are sparing nothing. They want the best. It will cost upward of \$15,000,000 to complete the building. The telephone service and equipment is the best that can be produced by the New York Telephone Company, having employed Local No. 534, union men, of the Inside Electrical Workers, Greater New York, to install all their work, and furthermore, they keep a Brotherhood man, Charles C. Gladwin, on the building to attend to the necessary changes that are to be made from time to time in various offices where telephone wiring and lead cable work has to be done.

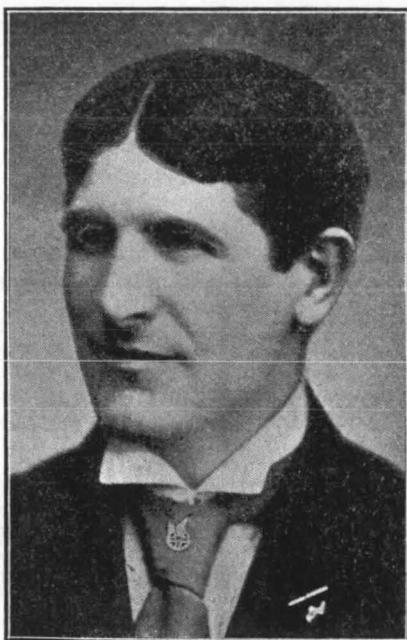

Mr. Gladwin has practically been with the building from the beginning, knowing the general layout of the building, pipe shafts and connections, and being well acquainted with the New York Telephone Co.'s work. He filled the bill, whilst Charles DeBourg, union foreman of that district, took charge of all the lead cable installed in this massive structure, over 20,000 feet of lead telephone cable, from a No. 10 to a No. 600 pair has been installed by Local Union No. 534 union men placing all material permanently in conduits and in pipe shafts, clamping and securing all lead cables in cross boxes and lead cables to switchboards. Brother Charles C. Gladwin equipped the city departments with help of other union men. He has placed in position twenty-nine P. B. X. switchboards. There are operating in these boards 316 central office lines, 163 tie lines and 914 extension lines. It required 200,000 feet of inside wire to extend the latter from the cable terminals located at convenient points on each floor of the building to

NEW MUNICIPAL BUILDING,
NEW YORK CITY.

erect such a massive structure for the purpose of holding offices and departments to control all New York City's affairs and business. The site is a most conspicuous place at the west end of the famous Brooklyn Bridge, Park Row

the station equipment. There are about 240 trunk lines and 1,400 extension stations for the various departments. Approximately 300,006,000 feet of single wire, or 1,503,000 feet of twisted pair equipment. Brother Charles C. Gladwin installed for the use of the public two P. B. X. switchboards, which are equipped with electric lights and fixtures, also installed nineteen steel booths, seven of which are equipped for coin box, also run B. X.

CHAS. C. GLADWIN,
Member of L. U. No. 534 in charge of
Electrical Work on Municipal
Building.

wire and connected up all electric lights in and outside of booths, pulled in all O. G. twisted pairs in conduits from the cross box to lateral service box connected on top of booths and fished in all O. G. wires into booths for instruments, drilled and tapped all holes and placed number on booths, run and cut all electric conduits for electric lights, connected up and adjusted all relays and door springs, governing relays and electric lights in steel booths, the first of its kind installed in the city of New York, erected and connected eight telephone electric advertising signs and placed 36 coin boxes at various points on different floors of the building to accommodate employees and pedestrians; all telephone wires are installed in metal mouldings from base to desk over cement floor wherever it is needed.

VERDICTS AND SETTLEMENTS FOR LINEMEN.

During the February term of the Supreme Court for Westchester County, held at White Plains, N. Y., before Justice Arthur S. Tompkins, injured linemen and their dependents recover verdicts and settlements amounting to \$43,000.00 against the New York, New Haven & Hartford Railroad Company, and one of its subsidiaries, the New York, Westchester & Boston Railway.

George Hoose, by Margaret Hoose, admx., of New Rochelle, N. Y., against the New York, Westchester and Boston Railway, killed at Bronx Park Station, New York City, January 21, 1913. Verdict \$18,000.00

Michael Horan by Mary Horan, admx., of Yonkers against the N. Y., N. H. & H. R. R. Co., killed at Southport, Conn., April 6, 1914. Verdict \$12,500.00.

Jeremiah Murphy against the N. Y., N. H. & H. R. R. Co., injured at Cos Cob, Conn., January 25, 1913. (Ruptured.) Verdict \$7,500.00.

Thomas Porter against the N. Y., N. H. & H. R. R. Co., injured at Stamford, Conn., March 4, 1913. (Slight burns to heel) Settlement \$2,500.00.

Henry A. Malsch against the N. Y., N. H. & H. R. R. Co., injured at Mount Vernon, N. Y., May 27, 1913. (Slight burns.) Settlement \$2,500.00.

The above persons were represented by Thomas J. O'Neill, attorney of 309 Broadway, New York City, who is also a member of the I. B. E. W. Mr. O'Neill also represents William Moriarty in the matter of Moriarty vs. The Schenectady Illuminating Company, as referred to in this issue of The Worker.

THE CONVENTION AT ST. PAUL.

We're going to have a big gabfest,
A regular old pow-wow;
It's bound to out-do all the rest,
For we're re-united now.

Be sure you have a delegate,
At this "heap big" pow-wow;
Chose him before it is too late,
(By all means) "do it now."

You should select a "real live wire,"
A fighter to the core;
One, who can stand up "under fire,"
On that Convention floor.

Don't draw the line on any man,
Be it Tommy, Jack or Phil;
(A Lineman or a Narrow-back)
If he can fill the bill.

The man who'll represent you best
Is the man to send, "that's all,"
But he should be, (O. K. on test),
To serve you at St. Paul.

—Berrigan.

IN MEMORIAM

ERNEST GUTREL.

Whereas, It has been the will of our Almighty God in His infinite wisdom, to remove from our midst Brother Ernest Gutrel, and

Whereas, Local Union No. 52, I. B. E. W. has lost a true and faithful member, and a brother who was liked and esteemed by us all; therefore, be it

Resolved, That Local Union No. 52, I. B. E. W., extend to the bereaved parents, and those nearest and dearest to our departed brother, our deepest and heartfelt sympathy in this, their hour of grief and sorrow, and be it further

Resolved, that the charter of Local Union No. 52, I. B. E. W. shall be draped in mourning for a period of thirty days, and be it further

Resolved, That a copy of these resolutions be sent to the International Office for publication in the Official Journal, a copy sent to the bereaved parents and relatives, and a copy spread upon the minutes of our meeting of this date.

April 7th, 1915.

Charles A. Hoffman,
Fred L. Miller,
William R. Banks,
Committee on Resolutions.

EMIL J. STIBER.

Whereas, It has pleased our Creator to remove from our midst and the activities of this life our late Brother and fellow worker, and

Whereas, The departing of our Brother is deeply felt by all who knew him on the path of life, his ever ruddy countenance a pleasure to meet, his honest manliness demanding the respect of friend and foe. In the prime of youth, with soul and life afire with ambition, with life's stage set for greater things, when to the grief of friends and relatives God's Death Messenger beckoned from the great beyond, and

Whereas, As a father and husband, he was ever loyal to the sacred circle of home, and

Whereas, The members of Local Union No. 49, International Brotherhood of Electrical Workers extend to his bereaved wife and little daughters, as well as to the sisters, father and mother, our deepest and most heartfelt sympathy.

Resolved, That a copy of these resolutions be sent to the bereaved family, a copy sent to our official journal and that they be made a record thereof in the minutes of our union.

Paul Messenie,
John A. Nolan,
James B. Walsh,
Committee.

J. G. RHYME.

Whereas, It has pleased Almighty God in his infinite wisdom and mercy to remove from our midst by death Brother J. G. Rhyme, and

Whereas, therefore, There will always be a vacancy that cannot be filled and we in our weakness must mourn his departure from life; therefore, be it

Resolved, That we extend to his bereaved family and relatives our heartfelt sympathy in this, their hour of bereavement, and bow our heads in reverence to an all wise Father, who moves in mysterious ways, His wonders to perform and say, Thy will be done, and, be it further

Resolved, That a copy of these resolutions be spread upon the minutes of this Local, a copy sent to the bereaved family and a copy sent to The Worker for publication.

A. B. Eastabrooks,
C. W. Veach,
I. E. Bartlett,
Committee.

WILLIAM HOWELL.

Whereas, It has pleased Almighty God in His infinite wisdom and mercy to take from this world through his messenger Death, the beloved wife of Brother William Howell, of L. U. No. 625, of Halifax.

Resolved, That L. U. No. 625, I. B. E. W. of Halifax, N. S., at the regular monthly meeting, assembled on the evening of Thursday, April 1, 1915, extend to Brother Howell and relatives our sincere sympathy and condolences in his grief at the loss of his esteemed wife.

Resolved That a copy of this resolution be entered on the minutes and a copy sent to the relatives. That a copy be published in The Worker and Operator, the official journal of the I. B. E. W.

S. G. Micklewright,
Press Secretary.

L. U. No. 625, Halifax, N. S.

JOHN SCHNAUFER.

Whereas, Almighty God in his infinite wisdom has taken from our midst, while in the prime of life our beloved and esteemed brother, John Schnaufer, and

Whereas, Brother Schnaufer was a true and loyal member of Local No. 2, a staunch supporter of unionism and an honest and faithful workman, with the Fire Alarm Department of the City of St. Louis, and therefore, be it

Resolved, That we hereby express our heartfelt sympathy to his bereaved family, and friends in their hour of grief, and be it further

Resolved, That our charter be draped in mourning for a period of thirty days and that a copy of these resolutions be sent to the bereaved family, and that a copy be forwarded to the editor of The Worker for publication, also that this resolution be spread upon the minutes of our Local.

Merritt C. Schwenk,
Press Secretary.

R. K. DAVIS.

Whereas, It has pleased Almighty God in His infinite wisdom and mercy to remove from our midst our beloved brother, R. K. Davis, and by his death our organization has lost a true and loyal member who was liked by all who knew him; therefore, be it

Resolved, By Local No. 188, I. B. E. W. that we extend our deepest sympathy to his family and friends in their hour of bereavement and be it further

Resolved, That our charter be draped in mourning for thirty days and that a copy of these resolutions be sent to his family, one copy spread on our minutes, and they be published in our official journal.

G. P. Wood,
Secretary.

HARRY R. DAVIS.

Whereas, It has pleased our Heavenly Father in His infinite wisdom and mercy to call from our ranks our beloved and esteemed brother, Harry R. Davis, therefore be it

Resolved, That the sudden removal of Brother Davis from our ranks has left a vacancy and a shadow that will be deeply realized by the members of this organization, and be it further

Resolved, That we extend to his bereaved family our deepest sympathy and be it further

Resolved, That we drape our charter in mourning for a period of thirty days as a mark of esteem and sorrow, a copy of these resolutions be spread on the minutes of our Local and a copy be sent to our official journal.

Local No. 15.

Signed. Harold W. Liddy,
Press and Recording Secretary.

S. NORSWORTHY.

Whereas, It has pleased the Almighty God in His infinite wisdom to remove from our midst our beloved brother, S. Norsworthy, therefore be it

Resolved, That we, the members of Local No. 353 extend our heartfelt sympathy to the bereaved widow of our departed comrade, and be it further

Resolved, That a copy of these resolutions be sent to the General Office to be published in the official journal and be spread in full in the minutes of this meeting, and that our charter be draped for a period of ninety days.

Yours fraternally,

A. McAdam,
Recording Secretary.

WORKERS AND OPERATORS.

227

MRS. EDDIE R. HAMMOND.

Whereas, In His wisdom that passeth the understanding of men, it has pleased the Creator of all mankind to call from our midst, the beloved wife of our brother, Eddie R. Hammond, and

Whereas, In the bereavement of our brother, this Local No. 408 of the International Brotherhood of Electrical Workers feels the great loss of our co-workers' help-mate, be it

Resolved, That Local No. 408 of the International Brotherhood of Electrical Workers of Missoula, Mont., in regular session assembled, feel that in the passing of the wife of our brother, Eddie R. Hammond, that he has met with an irreparable loss and the community at large an esteemed friend, and, be it further

Resolved, That a copy of these resolutions be placed on the minutes of this Local and be published in the Electrical Workers' journal, and that a copy of these resolutions be suitably arranged and presented to our bereaved brother, and that the seal of Local No. 408 be attached thereto.

Signed. J. H. Heydorf,
 O. W. Walford,
 B. A. Vickrey,
 Committee.

EDWARD G. MITTCOVSBÉ.

Pittsburgh, Pa., March 16, 1915.

Whereas, In view of the loss we have sustained by the death of our friend and associate, Edward G. Mittcovsbe, and of the still heavier loss sustained by those who were nearest and dearest to him, therefore, be it

Resolved, That it is but a just tribute to the memory of the departed to say, that, in regretting his removal from our midst, we mourn for one who was, in every way, worthy of our respect and regard.

Resolved, That we sincerely condole with the family of the deceased, on the dispensation with which it has pleased Divine Providence to afflict them, and command them for consolation, to Him who orders all things for the best and whose chastisements are meant in mercy.

Resolved, That this heartfelt testimonial of our sympathy and sorrow be forwarded to the family of our departed brother and spread on the minutes of Local Union No. 5, that a copy be sent to our official journal, and that our charter be draped for a period of thirty days.

International Brotherhood of Electrical Workers,
Advisory Board, Local Union No. 5.
Signed.

J. H. Palmer, H. L. Kluppell, J. R. Williams, J. A. Boland, H. McDougall,
T. J. Keilhacker, J. W. England, Advisory Board.

WILLIAM A. SIEBERT.

Great Falls, Mont., March 9, 1915.

Whereas, It has pleased Almighty God in His infinite wisdom and mercy to remove from our midst our beloved brother, William A. Siebert, on the twenty-eighth day of February in the year of our Lord One Thousand Nine Hundred and Fifteen, and by his death our organization has lost a true and faithful member, and a brother who was well liked by all who came in contact with him, therefore be it

Resolved, That we, the members of Local No. 122, I. B. E. W., extend our deepest and heartfelt sympathy to his relatives, in this, their hour of bereavement, and be it further

Resolved, That our charter be draped in mourning for thirty days, a copy of these resolutions be sent to the relatives of our deceased brother, a copy be spread upon a separate page of our records, and a copy be forwarded to the International Office for publication in The Electrical Worker.

Signed.
J. T. Gray,
M. Potee,
W. E. Samuelson.

WILLIAM OESTERICHER.

Whereas, It has pleased the Almighty in infinite wisdom to take from our midst, our beloved and esteemed brother, William Oestericher, we, the members of Local Union, No. 41, I. B. E. W., extend our deepest and heartfelt sympathy to his family and relatives in their hour of grief and sorrow, therefore be it

Resolved, That our charter be draped for a period of thirty days as a token of respect to his memory, and be it further

Resolved, That we bow our heads in a prayer to Almighty God that his soul may rest in eternal peace, and be it further

Resolved, That a copy of these resolutions be sent to his mother, a copy sent to our official journal, and a copy be spread upon the record of our Local Union.

E. C. Fink,
G. C. King,
John E. McCadden.

COMMODORE F. DROLLINGER.

Whereas, In his infinite wisdom and mercy it has pleased Almighty God to remove from our midst our beloved brother, C. F. Drollinger.

Whereas, We realize that by his death we have a vacancy in Local Union No. 124 that can never be filled. His many noble qualities, his great unselfish disposition, his buoyant spirits and his deep affection will ever remain fresh in the memories of those who knew him best.

Resolved, That we extend to the bereaved family our heartfelt sympathy in their hours of sorrow through the loss of a true father and husband, be it further

Resolved, That a copy of these resolutions be forwarded to the family, a copy be sent to our International Secretary for publication in our official journal, and a copy be spread on our minutes, and be it further

Resolved, That our charter be draped for a period of thirty days.

Fred H. Goldsmith,
Walter I. Langley,
W. T. McCauley,
C. K. Campbell,
J. H. Rush,

Committee.

R. MERTON FAWCETT.

Whereas, It has pleased Almighty God in His infinite wisdom and mercy to remove from our midst by death, Brother R. Merton Fawcett, on March 13, 1915, and

Whereas, There will always be a vacancy that cannot be filled, and we in our weakness must mourn his departure from this life, therefore be it

Resolved, That we extend to his bereaved family and relatives our heartfelt sympathy in this, their hour of bereavement, and bow our heads in reverence to an all wise Father, who moves in mysterious ways, His wonders to perform, and say Thy will be done.

President, Jno. P. Feuerstein,
Secretary, A. Bryce.

JOHN BUKOWSKI.

Whereas, Local Union No. 110 of the International Brotherhood of Electrical Workers has been called upon to pay the last tribute of respect to the memory of one of its most worthy members, Brother John Bukowski, who died on Thursday, March 4, 1915.

Death, with its relentless tread, has again entered the portals of the I. B. E. W., and summoned therein one of our esteemed and beloved brothers to his eternal reward. Brother John Bukowski harkening to the divine command has gone to that undiscovered land, from whose bourne no traveler ever returns. Stricken down while still in the flower of useful, vigorous and glorious manhood, his unselfish character, his kind and generous nature, his light hearted and deep affection will ever remain fresh in the memory of those who knew him best.

Whereas, Our Heavenly Father in his infinite wisdom has removed from our midst, John Bukowski, a beloved brother of Local Union No. 110 of the International Brotherhood of Electrical Workers, and

Whereas, We recognize that in his untimely taking away, Local Union No. 110 has lost an esteemed and worthy member, and the country a good and loyal citizen, the home a loving and devoted son, therefore be it

Resolved, That Local Union No. 110 express our great sorrow, at the loss of our departed brother and extend our profound sympathy to the bereaved father, mother and family, and be it further

Resolved, That the charter of Local Union No. 110 be draped in mourning for a period of thirty days as a token of respect to his memory, and that a copy of these resolutions be spread upon the minutes of this Local Union, and a copy be furnished to the family of the deceased brother, and a copy be sent to the International Office to be published in the official journal, The Electrical Worker.

Fraternally submitted,

R. W. Holmes, Chairman,
H. R. Frye,
W. Magnuson, Secretary,
Committee on Resolutions, Local Union No. 110.

NOTICE.

Local No. 308 desires to notify all traveling Brothers to stay away from Johnstown and Gloversville as we have over 33% of our members out of work and the remainder are only getting a day or two a week.

Frank Foster,
Recording Secretary.

NOTICE.

Owing to difficulty in our jurisdiction and having the constitutional number of men out of employment it is necessary for us to enforce Section 8, Article 14 of the Constitution.

J. R. Petersen,
Financial Secretary Local No. 115,
Ogden, Utah.

NOTICE.

Any one knowing the present whereabouts of Jarrell A. Jarvis last heard of in New Orleans, La., the year of 1906, have him communicate with F. C. Jarvis, 211 Decatur St., Atlanta, Ga.

And if E. R. Pattie out of No. 1 will communicate with Martin Finke, 81 S. Pryor St., Atlanta, Ga., he will learn something to his interest.

J. L. Carver,
Secretary No. 84, Atlanta, Ga.

NOTICE.

All members are requested to avoid the jurisdiction of Local Union No. 41, Buffalo, N. Y., until further notice. There is very little doing and a majority of the members are out of employment therefore we have placed in effect Section 8 of Article 14 of the Constitution.

E. W. Brown,
Press Secretary, L. U. No. 41.

NOTICE.

We desire to warn all members of the Brotherhood against being imposed upon by one Fred N. Collard, who claims to have a card out of the Ashtabula Local.

He recently visited this city accompanied by a woman which he claimed was his wife. On the strength of a hard luck story borrowed \$17.00 and has not returned same.

It has recently been brought to the attention of the Local that the woman who accompanied him was not his wife. He gave his address as Berea, Ohio, R. F. D. No. 6.

Edw. J. Welty,
Financial Secretary Local No. 5,
Pittsburg, Pa.

NOTICE.

Owing to having difficulty in our jurisdiction and having the constitutional number of members out of employment it is necessary for us to place in force Section 8 of Article 14 of the Constitution.

Hugh Gilmore,
Secretary L. U. No. 98,
Philadelphia, Pa.
Jas. S. Meade,
Business Agent, Local No. 98,
Philadelphia, Pa.

NOTICE.

We desire to inform all members that A. M. Donahue acted unfairly to our Local Union and we warn all members against being imposed upon by this party.

Local Union No. 383,
Gillespie, Ill.

WANTED.

Matthew Kane left Cleveland about eleven years ago (1904) for the Southwest with his brother Mike, a cable splicer and his brother would like to hear from him or know his present whereabouts. Address Patrick Kane, engineer, The Ursuline Convent, Scovill avenue and E. 55th street, Cleveland, Ohio.

L. U. No. 39.

NOTICE.

Owing to unsettled conditions in our city, also some idle men, it will be impossible to extend our usual courtesies to traveling brothers. We were placed Section 8, Article 14 of the constitution in effect until further notice.

Fraternally yours,
Local Union No. 601.

NOTICE.

Keep away from Butte, Mont., as work is and has been for the last nine months very poor, and the prospects are that it will be worse, as the (fathers of unionism, the Building Exchange and Chamber of Commerce) contemplate a cut in pay to the affiliated locals of the Butte Building Trades Council.

All the support we ask for the present is to please stay away, as we have enough members to take care of at the present time, most of us having nothing to do all winter, and I presume that doughnuts are getting to look like fruit cake.

Respectfully submitted,
Don McQuiston,
Recording Secretary, L. U. No. 623,
I. B. E. W.

NOTICE.

Being confronted with difficulty in our jurisdiction and having the required number of men out of work, Local No. 381 has been compelled to take advantage of Section 8, Article 14 of the constitution.

Fraternally yours,
Robt. C. Kulp,
Recording Secretary, L. U. No. 381.

On account of the Local being in recognized difficulty and having the constitutional number of men unemployed, have placed in effect Section 8 of Article 14, of the International Constitution.

Fraternally yours,
J. W. Roads,
Business Agent and Recording Sec'y.
Local Union No. 220.

NOTICE.

Local No. 15 of Jersey City wishes to notify all Brothers that after April 1st we will move from Pohlmans Hall to 642 Newark Ave., Jersey City. Meeting nights will be the second and fourth Tuesdays of the month.

Yours fraternally,
Harold W. Liddy,
Recording and Press Secretary.

SAFETY FIRST.

As we journey through life let us "live" by the way,

A saying of old that applies well today.
There is nothing so sweet as life after all,
So why take the chances that hasten "your call?"

You often save time by the "short cuts" you take,

But whenever you do your life is at stake;
For the time that you save would never repay

For the time you will lose if you "slip" on the way.

Very often the safety of others depend On the judgment you use, it may be a friend;

Or the loved ones at home, remember them too,
Their future depends on the things that you do.

And this is a pretty good world after all,

There are times when our spirits may crumble and fall,
But there's never a time through the night or the day,

When the chances we take are worth what we pay.

The "Safety First" way may seem longer and slow,

But it leads you past dangers you never will know,
So "now" is the time to look well ahead,
"Safety First" cannot help you after you're dead.

C. J. Bryne.

EDITORIAL

PROMOTE THE LABEL. The purchasing power of organized labor is one of the most powerful influences it possesses, but its value is too often overlooked or disregarded. There is scarcely an article or commodity that is generally used but what can be purchased bearing the union label, which is an assurance that the article bought is manufactured under fair working conditions and in sanitary factories and this should be sufficient inducement to influence all to demand the label.

There are many other reasons why members of organized labor should insist on the union label appearing upon their purchases. Space will not permit mentioning all of them, but one very material reason is that by creating a demand for the union label you are likewise creating work for union labor.

This demand would prove to be one of the greatest organizing mediums that the labor movement ever employed. If the 2,000,000 trade unionists of this country would consistently insist on the union label, manufacturers in order to find a market for their products would be obliged to employ union men and women in their respective industries and the necessity of resorting to strikes in order to procure proper wages and working conditions would be largely, if not altogether, eliminated, thereby avoiding the long drawn out struggles, which labor too often is called upon to go through. A proper demand for the label would also abolish the shameful child labor question. We often wonder if those who for the possible saving of a penny on a dollar purchase ever stop to think that the penny thus saved to them was ground out of some child of toil.

Our experience show that women are usually the worst transgressor in overlooking the importance of the label, not as a rule intentionally but thoughtlessly. This is on account of her generally making the family purchases. We are sure if the wives, sisters and mothers of the members of trade unions were once impressed with what good could be accomplished through their purchasing power that a demand for the label would be created that would cause the exploiters of labor to look aghast.

This question is also one that could well receive more attention from the Brotherhood members respecting the material handled by them. While it is true we are not at present in a position to in all cases enforce the label greater efforts could be made in that direction. This problem is a big one that will take time and hard work to bring it to a satisfactory point but a start has been made and the movement will spread according to the attention given it.

With proper co-operation on the part of all branches of our trade the interests of all could be advanced, electrical workers manufacture material and appliances that electrical workers install and the interest of both are mutual as they are striving for the same purpose, the betterment of their conditions the complete organization of all who follow our calling and here again the value of the label as an organizing medium is apparent for if the demand for our label is created it will have to be supplied and to supply the demand would mean the addition of many thousand members to our ranks which in turn will mean better wages, better working conditions and a better organization.

NEW YORK STATE LEGISLATION. The present session of the Legislature of the Empire State has shown a most hostile spirit toward labor legislation. It appears that corporation influence dominates, and aside from giving little if any consideration to labor's proposed measure great effort has been put forth to destroy many of the existing laws.

After years of effort organized labor was successful in having enacted a limitation law governing the hours of work for women, this law has been so amended that it bears no resemblance of its former self. The women and children of the State are again thrown on the tender mercy of greedy corporate interests, and the result of years of effort on labor's part for humanitarian laws in New York State, has been destroyed.

Majority Leader Brown, in advocating the destruction of this law, advanced the argument that women on farms worked twelve and more hours a day and remained healthy. Evidently Mr. Brown considers this an ideal condition but we venture the opinion that the view is not coincident with that of the tired farm wife. Mr. Brown might gather some valuable knowledge on this subject by reading some of the letters sent the Agricultural Department by farm wives from all sections of the country. Encouraged by their success in destroying the law limiting the hours of work for women this hostile anti-labor combination is now seeking to abolish the Department of Labor of New York State. Of course this department has been a source of annoyance to unscrupulous employers, particularly so since it has been managed by a labor commissioner who has enforced the law without fear or favor. It has also been a source of protection to the toiler and greedy corporations realize if it is abolished they can feast without restraint upon the sweat, blood and tears of those who toil.

If this attempt is successful we presume the next progressive (?) measure this 10th century minded body will propose is a State Constabulary.

**HONORS FOR
PHONE OPERATORS' PRESIDENT.**

The Hague.

Miss Molloy sailed the 13th in company with a large number of delegates to the conference from this country.

All are looking forward with hope that the conference will have great influence on the re-establishment of International peace. It may be expecting too much that the meeting will have influence on the warring European powers but it is bound to result beneficially to humanity even though its influence is not immediate. We are justly proud that such an able member of the Brotherhood will participate in the deliberations and our best wishes for a safe and pleasant journey accompany her.

The Industrial Relations Commission continues to receive its share of capitalistic abuse as a reward for endeavoring to give the nation truth on its social and industrial conditions.

The strength of your Local can be quite accurately measured by the interest shown by its members and its weakness by their indifference.

Suppression of free speech seems to be one of the University of Pennsylvania attempted teachings.

**L OCAL Union Official Receipts up to and including
10th of the current month ::**

Correspondence

L. U. NO. 1, ST. LOUIS, MO.

Local Union No. 1, I. B. E. W., considers The Electrical Worker an important adjunct to the Brotherhood, and keep their Press Secretary busy. If a month passes without a letter, the scribe is importuned by the greater number of members. So if at any time the letter from No. 1 seems tame, it is because there has but little of interest occurred in this municipality. If all locals of the Brotherhood were to take the same view that No. 1 does, The Worker would become a very strong link in the chain of requirements to the furtherance of the purpose of organization. One hobby of yours truly seems to be of pleasant interest to the membership. My love for the ladies is such that I find it almost impossible to keep from mentioning them and if any good comes from it, I am happy, for I think the girls are deserving of the best we can possibly do for them. Keep on boys and you will be sure of your reward.

This has been a very hard winter here, not so much the weather as the slack times. The great number of unemployed began to look rather blue. Many suggestions were made and finally settled itself by the unemployed appealing through a committee to the Local. Said committee was comprised of such men as are pretty well known as active. The main committee was Bros. E. P. McBrown, Tom Callahan, R. Miller, C. H. Provast and W. J. McSorley. A resolution was formulated and read at regular meetings of the Local and carried by a large majority. The amount raised was (\$5,121.87) five thousand one hundred and twenty and eighty-one one-hundredths dollars.

The amount expended to April 1 was (\$4,387.29) four thousand three hundred and eighty-seven and twenty-nine one-hundredths dollars.

The sixty days expired and found a number of the brothers still unemployed and a fund of (\$734.58) seven hundred and thirty-four and fifty-eight one-hundredths dollars remaining.

The committee made the above report, and by almost an unanimous vote the Local decided to disburse the remainder to the unemployed prorata.

The beauties of brotherly feeling manifested by No. 1 is exhilarating to each member and shows the enemies of

organized labor that there is strength in the Electrical Workers that will be hard to combat.

Spring is here and prospects are better than they have been for six months. No. 1 is well able to take care of more work than is now in sight.

One feature of our object is recognition of those who make up the Brotherhood. While the fixture men are not great in number, they are very active, and deserve the undivided support of all trades. The I. B. E. W. can be of great service and not expend much effort in assisting them (the fixture men) to better their conditions. They have accomplished much with but little evidence of any assistance. All members of the Brotherhood are asked to look for the label on all fixtures coming from St. Louis and if they find any coming from this city, notify No. 1 and the fixture men will make the fight at this end. This appeal is from fixture men of No. 1 and should hint to watch all fixtures.

Look out for vocational education. If you find yourself confronted with the inevitable, send some of your boys to the front. Keep up your standard of qualification and remain in your class.

As to classification, society seem to hold the whip hand. We of the wage-earners are put in the lower class. "Why?" Because we submit and have not the courage of our convictions to oppose the seeming power of the purse proud. Organize and force yourself to a position to dictate. Build up a pride based on character. Do not bend your knee to the wealthy, just because they have more money than you, but ask how they acquired their boasted wealth and you will find that much of it rightfully belongs to you.

The I. B. E. W. are blessed with as good International officers as any other organization and they deserve your undivided support.

Hoping to see the representatives at the next convention entitled to fifty thousand votes, I am

Yours fraternally,

Baldy.

L. U. NO. 2, ST. LOUIS, MO.

Editor:

The sun is shining again in old St. Louis as I sit and write this little article for The Worker, and it seems as

though the old wandering bee has come to life again, and it is very hard for me to resist the temptation to roam around. We are hoping that with the nice weather we are having at present, there will be plenty of work in this part of the country, but I fear we shall wish in vain for it seems as though the work is all done. Several of the boys who have been loafing all winter have threatened to throw their tools in the river and join some sewing circle or some other thing.

We still have the Bell Telephone Co. on the unfair list and have them pretty well advertised on the stand they have taken toward organized labor in this part of the country. The boys realize that if we are to be successful in our campaign against Old Mother Bell we will have to concentrate every effort and stick to the fight until the finish. (Who knows, we may be able to win in the twenty-sixth round also).

The writer wishes to state that he believes there is more truth than poetry in the article that Brother J. J. O'Donnell of Local No. 251 wrote, and if the brothers still have the March Worker, it would be well for them to read the article and see how many of the questions therein asked they could answer without having to consult any one. Our Local at present has a committee working on a new wage and working agreement which they will be in a position to present to the different wire-using companies in the very near future. The Local is going along very nicely, there being a great deal of enthusiasm shown at the meetings and we are, I believe, getting our share of new members. We have quite a few baseball bugs in our Local and the boys play quite a bit of ball around the headquarters when they are not working, but it looks as though they cannot help breaking all the plate glass windows they find in the vicinity.

During the month of March I have had the pleasure of meeting the following brothers who were visiting in this neck of the woods: Edw. (Blondy) Morrison, No. 79, Syracuse, N. Y.; C. Jayner, No. 619, Hot Springs, Ark.; E. J. Harrington, No. 177, Jacksonville, Fla.; W. H. Tucker, No. 57, Salt Lake, Utah, and Edw. Rich, No. 69, Dallas, Tex. We have also had the misfortune to lose one of our brothers, John Snauffer, who passed away on the morning of April 5th.

The writer agrees with several of the other Press Secretaries who are constantly calling upon the different Locals to get something in *The Worker*. It need not be much, but it will let us know what the boys are doing in different parts of the country. Before concluding, I will again ask the brothers should any of them be traveling this way, I will be very glad to have them look me up. Material for an article this month is very scarce,

so I will close with best wishes to all the members for our re-united brotherhood.

Fraternally yours,
Merritt C. Schwenk,
2714 Olive St.,
St. Louis, Mo
Press Secretary, Local No. 2.

L. U. NO. 15, JERSEY CITY, N. J.

Editor:

Harry M. Soules, formerly a member of Local No. 15, Jersey City, N. J., was in financial difficulties in the year 1910. On the 23d day of November, 1910, he asked Local No. 15 to make a temporary loan to him to the extent of \$25.00, he, H. M. Soules, agreeing to pay 6 per cent interest. We have had his note from that day to this and up to date he hasn't made any attempt to pay back any part of it.

Local No. 15 voted to have the above printed in *The Electrical Worker* for the sole reason that if any brother happens to meet Harry, it wouldn't do any harm to remind him of the favor the boys were only too glad to do for him when he was in difficulties.

Well, Brothers, things are still slow around here excepting initiating new members and that is as regular at every meeting as eating each day is when you have the price.

Wishing this finds everybody happy, I remain

Yours fraternally,
Harold W. Liddy.

L. U. NO. 20, NEW YORK CITY.

Lineman, Oscar Fried's Case.
The January issue of *The Worker* contained a detailed account of the Fried case.

Up to this time none of the linemen and others charged with perjury in this matter have been brought to trial and probably will not be until the early part of May, 1915.

Meanwhile, Berkery is still confined in jail and is even denied the privilege of conversing with his wife, except in the presence of one of the jail keepers, while the alleged informer "Red" or John J. Breen, formerly of Trenton, N. J., is enjoying a comfortable flop and his maintenance at a real hotel at the expense of the New York, New Haven and Hartford Railroad Company.

The following article appeared in the *New York World*, February 6, 1915:

HE CAN'T BE SOLDIER NOW.

Alleged Perjurer Wants to Go to Europe, but is Seized.

Because it was said he had been twice at the British Consulate in this city to

inquire about enlisting under the English colors, Joseph Sharkey is in a cell again in White Plains. He was arrested at No. 49 Jackson Avenue, Long Island City. His bail has been fixed at \$20,000 by Justice Tompkins.

Sharkey is under indictment for perjury in a suit brought by Oscar Fried against the New Haven Railroad Company. Sharkey was a witness for the plaintiff. Fried got a \$75,000 verdict. Recently the railroad company made charges before District Attorney Frederick E. Weeks and Sharkey was indicted, as was Thomas J. Berkery, another witness.

It is believed that the arrest was made solely for the purpose of creating the impression that Sharkey is a dangerous criminal in an effort to cause a biased opinion in the county in which Sharkey will have to stand trial.

The accusation made against Sharkey has no foundation in fact. It appears that Sharkey applied several times for work at the office of the Flynn-O'Rourke Construction Company at its contracting operation near the Custom House, New York City, which is in the immediate vicinity of the British Consulate's office and this is as near as Sharkey came to enlisting in the British Army.

The day following Sharkey's arrest he was released under twenty thousand dollars (\$20,000) bail.

I would ask the readers of *The Worker* to keep in mind the facts in this case, as they appeared in the January, 1915 issue and forward to the undersigned any information concerning John J. Breen's record.

Fraternally yours,

Walter F. Peck,
Room 1002, 309 Broadway,
New York City, N. J.

L. U. NO. 21, PHILADELPHIA, PA.

Editor and Brothers:

Once again I am able to report progress. We have initiated 37 new members last month; that's going some. Work around here has been pretty fair lately, several new jobs have started and the storm on April 3d has done good deal of damage. Owing to the presence of a good many brothers from the West who through their unremitting labors, have put some life into our Local and in order to make it pleasant for our visitors and at the same time to do some missionary work amongst the non-union men in this and nearby cities we decided to give a smoker and held same the ninth of April in the Adelphia hall as we thought that our hall was too small, but we never expected such a rush. Local No. 299, Camden, N. J., visited us in full force including talent, also other nearby Locals, who send

their quota. The talent amongst the boys would surprise most any of you. To mention a few would be doing injustice to the others and to enumerate them all would take up too much space. Reminiscences were exchanged and new friendships formed and at the conclusion of the smoker everybody went home satisfied and convinced of having had a good time and an evening well spent.

Yours fraternally,

Theo. H. Wotochek.
Press Secretary.

L. U. NO. 28, BALTIMORE, MD.

Editor:

Although I am not a Press Secretary for any Local, but have been a member of the I. B. E. W. for about twelve or fourteen years and take great delight in reading the different ideas other brothers have of our organization I ran across an article in the December, 1914 issue written by the Press Secretary of L. U. No. 72 of Waco, Texas. I certainly think this brother has a true union heart in him. He speaks of L. U.'s making Article 14, Section 8 work overtime, which is only too true.

The electrical trade calls many of us away from home and as we journey through other cities to better our condition in life or to earn our daily bread not alone for ourselves but for our wives and children it makes one feel very brotherly to be told he is not wanted or in other word, Article 14, Section 8 is enforced in this union.

Of course I do not mean to say this is the case in every union as I can not recall any paid-up card being turned down in the past eight years by Local No. 28 and they have had cause in that time to enforce that Article 14, Section 8.

Some Local Unions claim it is to protect the home talent who supports the union. So far so good, but does not the traveling brother do the same? He has to be paid up in full before he can get his traveler. Are all the home talent paid up in full? Again the traveling brother forfeits his sick benefits for six months and loses his vote. Again when conditions are bad along comes the traveling brother and helps build up the Local and then goes on his way to help some one else where the home talent are afraid to say a word and are satisfied with what is given them.

I have asked in several cities why a traveling brother was treated with such contempt and was told that when a stranger got in town he generally got work first and the only reason they can give for this is that he has better ideas or is a better mechanic if that is so then I say home talent wake up and get modern.

I suppose Brother Editor, if you do give this space I will be jumped on with both feet, but I see where some brothers want more letters so for the traveling members benefit I am writing this.

Fraternally yours,

G. H. Blake.

L. U. NO. 31, DULUTH, MINN.

Editor:

Well brothers, I am just about due for a few lines to our indispensable Worker. So I shall try for to entertain you for a few moments. The cold weather up here in this Frigid zone, is just about over for this winter, of course we will have our usual summer cold weather this year, as many of the travelers who have been in Duluth in the summer know, we do have cold days up here in the summer. Why not? Being that this city is the Zenith city of the unsalted seas, the motto here is, "Do It for Duluth, Do What?" Pray, tell me if you can, who is it that does it for Duluth. Is it the man who works, or is it the fat Guy who sits at his desk with his number ten upon the desk drawing away on a nickle Pittsburgh dream. He does little to help any one but himself, and often you will find a guy like him to be a good church attendant, and a member of different clubs, he is ever right up in front of the parade with his big horn when they are doing it for Duluth. The guy seldom does any thing, but locate himself where he can be seen. So of what real use is he to this old world of ours? None at all. He is selfish beyond measure. Selfishness is a awful calamity for to befall anyone. We find it in every walk of life. The great trouble with most people is that there motto is "Me First," in everything they think is worth while. I, for one, will say that that motto is not the right motto. Live and let live, give the other fellow a chance. We are all human, and after all is said and done and we reach the end of our allotted time upon this earth, we must go. That is when our selfishness will not help us. So why not help each other as we go on our journey through this life. We pass this way but once, and never again. So why not have a clean path after us for the fellow who will follow, help him. Don't hinder him. There are many forms of selfishness. But the lowest of all is the card man who will work for less than the regular wage scale. Next to him comes what is called the skate, who will help to make an open shop a success. Then there is the other fellow who has a weak spot somewhere, who will work in open shop and work for far less than the regular wage scale. Tell me, brothers, where are his brains, or has he such a valuable asset? I think

not. When it costs but four cents a day for one to keep their card paid up. Then if they can get fifty cents a day more, by being a good card man. Then, why not get in line get in to the good Old I. B. E. W.. Be a man, not a Loon or a fool. Get in with the boys who build up the scale of wages in your town. If you happen to dislike some of the members of the union, or some of the things, they do, what is the very reason why you should become a member. Then when you are a member, and your heart is right, get busy. Work and help to make that local an ideal one. Then don't be selfish and want all the money that the boss gets for the job that you do for him. Remember he must have a fair return for what he has invested in his business, he in return should ever remember that you are giving part of your life to help him and that you should receive a fair share of his profits for your daily efforts. When we have harmony between the boss and the worker that is when life will be worth living. We can have harmony if we all put our shoulders to the big wheel, and work for the success of all. Not for the success of only one, education, justice, fraternity, unity. They are the Big Four. They all mean much, each one in itself, means much. So let us all hope for it. Pull together. Don't lag. Do your little part. Do it in a willing and sincere way. Cut out the knocking and the nagging at each other. Cut out the internal fights. They are foolish and needless. If you want to fight, join the army and go over to Europe. You will find fight enough over there to suit your desire for fight. Sherman had the right idea of war. They have built many monuments for Sherman. Who ever would build a monument for a skate, a nagger or for a knocker?

We have had a very poor winter here for work this year. Many of the boys have been taking the rest cure. However, all are cheerful and hopeful and are glad that the spring is with us, summer will soon be with us again. Long live the summer. Summer is a welcome visitor to this Zenith city after one of our famous winters. We have a new menace in our city. A menace to the street car company. How do you do? Welcome to our Great City Jitney Bus. Most of the people here call it jitney Bus. That is the one place where a fellow can get a run for his nickle. Most of the Ford cars have three speeds—shake, rattle and roll. Ever try it. We wish the jitney much success, it is the great hope that is where the working man can puff away on a two for nickle dream and feel like a millionaire for a nickle. Well Brothers, I have written quite a few lines and perhaps I have not said much. Then again you may read between the

lines and get the meaning. It is my intention to do well and to do it for the good of the union, for united we stand. May we stand long and grow wise? With very best of sincerest good wishes for the success of the I. B. E. W., I remain

Fraternally yours,

John Hayden, Press Sec'y,
214½ W. Third St., Duluth, Minn.

L. U. NO. 32, LIMA, OHIO.

Editor:

To all Brothers of the I. B. E. W., Greeting—Local No. 32 is still increasing in membership, although several of our boys have left for other cities. Hardly a week goes by without some new members joining our ranks. The successful "cut-over" of the Lima Telephone Co. to their new automatic plant on February 6 was a climax to the excellent work that the boys of old No. 32 have been doing. Enough cannot be said in praising each department for the way in which they handled their work.

We are bending our efforts, now, since the excitement of the "cut-over" has died down to forming the inside wiremen and light men into a solid unit, our membership now being very much scattered among them. In fact we only have two union wiremen among about five large contractors and repairmen.

A crisis is coming soon when we must fight to get them with us. However, we can do it. A Building Trades Council has been formed with this purpose in view. So before long, Brothers, you will hear of "big doings" in Local No. 32.

Fraternally yours,

A. L. Pricer,
Press Secretary.

L. U. NO. 39, CLEVELAND, OHIO.

Editor:

I am just a little late with my letter, but hope it reaches the G. O. in time for the April issue. I state with regret that news is just about as scarce as jobs, however, we won't take advantage of Section (8), Article (14) of the Constitution. Of course we have the sufficient number of unemployed, but if any traveling brother wishes to visit our fair city, he is welcome, and if he is fortunate enough to find a position or job, why he is welcome to that. So long as he has a card. Personally I am opposed to that article in our constitution along with several more, and I sincerely hope that the delegates representing the outside men will rebuild the Little Green Book when the time comes and that I believe is next September.

I call your attention to the fact that the Postal Telegraph Co. is still on the un-

fair list and they are working the same old bunch of Fink's.

Our wage scale with the Municipal Light is still pending. I hope I will be able to report a settlement for the next issue.

The Local has a real live executive board composed of seven active members.

(The Trade Unionist Defined.) Some union men are born, some made and others are just unionists that all.

The first is the man who you will find a leader among his fellow men. He is the man who does the real work, he takes up the battles of the unionist's principles and fights with all his might. He is always in the front rank when needed, and is devoid of all selfish motives in what he does. He is the strength of the union.

The "made" union man is he who holds a card because he is compelled to do so. If he should lose his job he would be perfectly willing to give up his card. In other words he is satisfied to accept conditions as they are. Such a man is a fakir. He is a fraud. He carries a card under false pretenses. The latter class is better out of the union than in. He is the man who pays his dues under protest, seldom if ever attends a meeting of his Local, objects when called upon for a special assessment or donation to help his fellow man in trouble and invariably grumbles about everything in general and is never satisfied with anything in particular.

This class acts as the greatest handicap to the progress of organized labor.

Which class are you in? Think this over.

We have several newly elected officers, as follows:

President, T. Hubbard

Vice-President, W. R. Lennox.

Recording Secretary, C. H. Conant.

Financial Secretary, H. Davidson.

Business Agent, A. A. Lockwood.

Now Brothers, I think I have written sufficient for this time, with best wishes to all, I am

Very respectfully,

H. M. Day,
Press Secretary.

L. U. NO. 41, BUFFALO, N. Y.

Editor:

Building operations in Buffalo this winter have been very slack and all the members of No. 41 have been laying off more or less, but it is hoped with the coming of spring, things would be better. That time has arrived and nothing in sight except the Lehigh Valley Railroad Station which is to cost one million. The cellar of which is just being started so there is no danger of any work in

our line being done for some time to come.

In the last three years upwards of \$40,000 was spent each work day for new buildings in Buffalo and during the same period 312 new industries were added.

The electrical workers with the rest enjoyed this prosperity and while the members of No. 41 were content with the big jobs the shoe string contractors increased and took all the little work in the out-lying districts until today competition is so keen that very little of this work falls into the hands of the union men and now we wish we had it.

The union's in the different cities should follow the matter up and not allow every one to go contracting especially technical school graduates, building contractors' sons, and others that never had any experience, for in time it is going to react upon ourselves, thus educating consumers that they can have electrical work done cheap by getting the right parties to do the work.

Just at present there are so many of Local No. 41 men out of employment that we must request traveling brothers to steer clear of this part for a while at least.

The Workman's Compensation Law as amended has been signed although a big protest was made to the Governor by all labor unions throughout the State. About thirty men went from Buffalo. Among them were Brothers E. C. Fink and J. E. McCadden of Local No. 41. It does seem that the only time the workingman is considered is around election time.

Local No. 41 held their election of business representative on March 23 and every one turned out, it was whispered around that several were to run for the position. Those nominated were J. E. McCadden, J. J. Morgan, Geo. C. King and William Marazahn.

The voting was spirited and all listened for the result for this is the first time in five years that Brother McCadden has had any opposition. The members were well satisfied with the way he has handled their business and retained him by a good majority.

Yours fraternally,

Ernest W. Brown,
Press Secretary.

L. U. NO. 58, DETROIT, MICH.

Editor:

I have postponed writing anything till now because I have been nearly all in from a spell of neuralgia in the head and teeth for about two weeks and am not in a very enthusiastic mood for an inspiring article from Local No. 58. However, I will at least make an attempt.

I feel certain that I cannot write as entertainingly as the former incumbent of Press Secretary, Bro. C. Killen, who has left the city for a trip about the country—probably in search of a master wherever he may locate one who needs his services, and I want to say if it happens to be your pleasure to meet this brother, you can extend him your hand and feel that you are shaking the hand of a real brother, not in name but in fact. I feel safe in saying that every member of Local No. 58 feels his absence be he friend or foe and all extend him their best wishes for his welfare while estray from the flock.

Local No. 58 has been quite busy of late trying to round up a few stragglers about town in different shops and getting them into the fold, with more or less success. May have more to report on the final results at a future date. Work is still about the same as our last report—quite a large number of the brothers loafing. But we are hoping for better things and feel it can't last forever.

Organized labor has won a signal victory here in the local election.

Sometime ago a committee from the Detroit Federation of Labor awaited on the city council committee with a view to having a resolution passed making it a law that on all city work a minimum wage of \$2.25 per day for common labor and the highest prevailing rate of wages in all other trades, thereby enabling all contractors bidding on city work a basis to figure from and no matter who gets the contract it will allow the employment of members of the different crafts without them working for scab wages—and at the same time give them a chance to talk to these men about joining their organizations. After several unsuccessful attempts to get the committee to listen to their story, due to the fact that the politicians were at the time figuring a boost of their own salaries from \$1,200 to \$2,500 for aldermen, they decided to get out petitions for signatures to have it placed on the spring election ballot in which we were successful. At the election just passed the amendment carried by a vote of 21,049 in favor of, and 8,868 opposed. And the proposition to increase the salaries (we call it board and clothes when we want more) lost by a singular vote of 23,565 opposed as against 6,921 in favor. It's funny, but it's so.

It's only a little lesson with a moral if you want a thing, make a noise like you are able to take it—and you'll get it.

As this seems to be about all I can think of that would interest the members and hoping that the locals about the country will take more interest in the correspondence columns of our organ, as

only a small number are making any use of it and as we are especially going gradually blind looking for dope from Nos. 445, 75, 327, 407, 275 and even 107 not even making any noise, I will close wishing all the best of success in their work, I remain

Yours for smaller holes in the dough-nuts.
E. W. Grogel,
Press Secretary.

L. U. NO. 59, DALLAS, TEXAS.

Editor:

Just a few lines to let the boys know that No. 59 is still in the ring.

Of course we have the same old cry that most localities have, of slack work, and have found it necessary to place in effect Section 8 of Article 14, but are living in hopes of better conditions some day.

The "Bill" we had before the regular session of the Legislature expired on the calendar, but have some hope of getting it called in the special session.

One of the greatest troubles we have during these slack times is, of other crafts infringing on our jurisdiction which keeps our worthy Business Agent busy straightening out.

The convention fever has not struck us as yet although we have under advisement some matters to be placed before that August body.

A red hot city campaign has just closed in which the Citizens' Association ticket was re-elected. Our three locals of the city have received favorable answers to some questions propounded to these candidates and if they live up to their declarations we should receive some favorable consideration from the Municipal Fathers during the present term.

We are taking in a new member now and then, and will assist in the work for 50,000 as much as we can.

Wishing the brothers and the I. B. E. W. a quick return and a long continuation of prosperity, I beg to remain

Yours fraternally,

T. J. Mizell,
Press Secretary.

L. U. NO. 66, HOUSTON, TEXAS.

Editor:

Just a few lines for publication as everything in the electrical line is at a stand still in Houston at present and knowing of nothing interesting to write. I won't take up much space this month, but if I don't have at least a line or two of great things every month in The Worker, I get my "bawling" out from the members of No. 66 which has its effect. I believe the same medicine would work well on several other Press Secretaries,

so get busy Press Secretaries. Let the membership hear from you especially the floaters as they are particularly interested in you as they can not get any information in regard to conditions through The Worker. They have to shut their eyes and start, and just a few lines every month from every Local Secretary would probably save them many miles hard riding. More letters, the larger The Worker, and more news is what we want. I want to thank our General Officers for the promptness in the settlement of the claims of our late Brother Malch, as it were only two weeks from the time we mailed the claim until we received the voucher to cover same. So hoping to see a greater number of letters in this month's issue of The Worker than in the one preceding, and the best of success to our General Officers and the rank and file as a whole, I remain,

C. A. Boatman,
Press Secretary.

L. U. NO. 72, WACO, TEXAS.

Editor:

Just a few lines this time for a change, but I wish the Locals that have received a copy of the letter our sister Local No. 97 has sent to all the Locals of the Brotherhood, would please give their plan and suggestion some consideration, it is about the insurance of members of the I. B. E. W. I have often mentioned this and am glad to see it take some kind of form. It should be as they state not a money-making scheme, but a beneficiary fraternal insurance. Would like to hear some comments on this in The Worker. If you have not received the letter Bro. L. Oldham, Secretary of No. 97, will be pleased to send you one. In closing wish to call the attention of the members to the fact that work here is scarce and not to put Waco on your touring map.

Gus F. Erfurth,
Press Secretary.

L. U. NO. 77, SEATTLE, WASH.

Editor:

Just a few lines from No. 77 to let the rest of the Brotherhood know we are still on the job. Things are just as quiet her - as the rest of the country is reporting. But that is not interfering with us from organizing.

Any floating brother can find us on the top floor of the Labor Temple with the latch string out.

Organized Labor is enjoying a series of lectures at the present time from professors from the University of Washington on the problems of labor. It is very evident that they, if not the rest of the world realize, that labor is progressing. It is also evident that they realize that

Labor in spite of all its advances is not as yet receiving its full share of the world's goods. They also realize that Labor is not through demanding, and will not be through until every man receives his right to live, as the Creator intended him to live.

With best wishes, I remain,
Press Secretary.

L. U. NO. 97, WACO, TEXAS.

To all Local Unions—Greetings:

The reasons for our Brotherhood's adoption of some sort of an insurance plan to be run in conjunction with our International Brotherhood, but to be incorporated separately, are too many and plain for comment. So in order to get things started and give all locals time to give the idea some thought and map out their instructions to their delegates to the St. Paul convention, we are writing this letter with the following suggestions:

The kind of insurance we would suggest is that incident to a fraternal beneficiary order, national and international, under which there shall be only members of the I. B. E. W. eligible.

The business and affairs to be looked after by the I. B. E. W., Grand Office, directors and delegates from Local Unions or such other persons as may become necessary.

There shall be no capital stock, but the resources shall be derived from installments paid into the beneficiary fund, which fund shall be used for no other purpose than to pay claims due beneficiary certificates.

The initial and maintenance expenses to be paid from a required per cent of the General Office per capita tax.

This insurance compact of the I. B. E. W. to be incorporated under the laws of the State of Illinois.

This is not to be a money making or business scheme, but to be put on a sound basis and be conducted for the good of members by way of death and accident benefits.

Details to be worked out by an actuary.

We would appreciate a reply to this stating your action on same.

Truly and fraternally yours,
Local Union, No. 97, I. B. E. W.
Committee,

J. E. Adair, President,
L. Oldham, Secretary,
J. B. Sharpless,
T. F. Gray,
R. L. Galloway.

L. U. NO. 97, WACO, TEXAS.

Editor:

L. U. No. 97 is still having some interesting meetings with a fair attendance but of course we have our share of the

"I couldn't get down" boys, however the regulars have been after them and last meeting night showed that their efforts were not entirely lost.

We have received several favorable replies to our circular regarding insurance to be run in connection with our Brotherhood and would like to hear from those that haven't written.

This Local favors a more uniform initiation fee and that as low as possible. There are several good arguments for this plan, and it could do no harm for all Locals to give it some thought. Let's hear in the next Worker what you think.

Business here is just about the same as it has been all winter. Some of our members that have not worked at the trade or very little of anything else, for the past several months are getting a little time at odd jobs so I suppose that's an improvement but it is very slight.

We of course have hopes of better times, but if there is anything going to show in the near future there are no signs of it at present.

We have sent our proxy to the State Federation Convention at Austin, not being financially able to send a delegate.

Will close now and go to the ball game. All work you know and no play makes Jack a dull boy, so I'll go see Waco trim Dallas.

Yours in the I. B. E. W.,
J. B. Sharpless,
Press Secretary.

L. U. NO. 103, BOSTON, MASS.

Editor:

With spring here and the warm weather cry of batter up. With the champion Braves starting out for a good summer's work and to show they are still there with the old Pep. But I cannot say so much for No. 103 in regard to the plenty of work. But we are there with the old Pep. and not amongst the bush leaguers when it comes to getting good working conditions. But with A-1 conditions pray tell me where is the work? But I venture to say that things are bound to break our way as the warm weather progresses, so boys keep up your spirit for good times are coming. With the bankers over in England betting even money that the war will end by September, I think that business will pick up in a jump and 1915 will be a year though it had a bad start.

A few of the boys have gone to work at various things during this dull period from counter jumpers, street gardeners and even divers. Bro. Chas. Atkins and Charlie DeRenne have taken up diving as an occupation. They have gone down to Jacksonville, Fla., to help raise a coal barge that has been sunk. They sailed

to Florida on Astor's old yacht "Crusader" in the employ of C. W. Morse, the shipping magnate, who has bought the barge as it is. Bro. Jim Butter was slated to go also, but he couldn't show Capt. Burr that he was a sea faring young man. Jim had proof that he had sailed on many ferry boats and had large experience on the Swan boats on the common. Pop Lehman was responsible for the young men getting their positions. Pop is a frequenter to Green's shipyard for a occasionally game of poker and here is where the conspiracy started.

Since the last writing our agents were successful in signing a good size shop and also a smaller one. One of those crockery pipe contractors otherwise known as knob and tune shops. These are the kind of shops we have hard time to get. They get into a cottage house or three-decker with two or three men and in a day they have roughed in the job.

I was glad to see such an interesting article in the last edition of The Worker on concentric wiring. This is a serious matter that each Local should look into. The Brotherhood should make one grand move to give this eccentric I mean concentric wiring a set back, or even the thoughts of such banished from the minds of the public and electrical interests, and should spend money to advertise its dangers and impracticability in the magazines and newspapers. This is a good subject for the St. Paul convention in September to take up. The whole Brotherhood should bar their members from installing it and as delays are dangerous. I would suggest that before waiting for the convention, that each Local should make a rule that any member who installs concentric wiring shall be assessed \$25 or even \$50 for each offence, and even go so far as to lift a member's card who continues to install it. The plumbers in the town are up against a similar case. It is a device known as a non-cyphoon trap that does away with wipe joints and vents. This trap is O. K. by inspection department of various towns, but the Plumbers' Union have a fine of \$25.00 on any member who installs one. This trap is a great labor saver. It does away with wiped lead joints at the trap and also of installing a vent pipe from each outlet to the roof, so you can see that all these inventions are no help to the wage-earner.

Here is a condition that exists that should be taken up by the Brotherhood at the next convention; is that some penalty be put on locals that refuse to answer letters and charges sent to them.

No. 103 for instance has some kick coming on this little matter. We found some law abiding brothers from other Locals working in our jurisdiction, and

ignored our officials when ordered to live up to the constitution. We filed charges to their home Locals, but we have not received any answer as to the disposition of the charges, and these dear brothers continue to rat it on us. We will have to appeal to the I. O. which is the last resort. I see in the past editions of the Journal of Locals complaining like ourselves for Secretaries not answering letters that have been sent out. Is this a square deal for the fellow who wants to travel and who wants to know conditions in different cities before he jumps? Get on to your job Secretaries and answer your correspondence promptly, or we will take you out in a field and have you shot (not half shot).

I would like to hear from some of the Locals in Seattle, Wash., and give us a little information on the work of building the Alaskan Railroad by the United States Government. The talk is it is going to be better than the Panama job. It is better to let the Brotherhood in on it, and have the job filled with men from the old I. B. E. W. than have it wide open, so a nice letter from Seattle Local with all the inside information would be greatly appreciated by many anxious brothers. There is a rumor that the job will start in about six months and the men will work six months and then the government will cease work for a half a year and hold the men on half pay for the remaining six months.

Will close, wishing the best of luck to all and success to the United Brotherhood, I remain,

Fraternally yours,

Major Capelle,
Press Secretary.

L. U. NO. 107, GRAND RAPIDS, MICH.

Editor:

At last we have come to life as Local No. 107 has never appear in the Journal as all of our Press Secretaries we had, did not have time enough to write a few lines for the Journal to let the brothers know we are in existence up here in the northern woods, but had time to do something else instead or putting in a few moments for the good of the Local, so I will hand out a few expressions.

We have a good Local here, but the trouble is they do not attend meetings and of course as I call them cardmen and some skirt chasers and a few good union men. We could have one of the best Locals in this country if some of these "quacharos" would get down to business, we would be on top in a short time.

As some of the contractors we have and you will find it so all over get a jackass and work him to death and not

feed him and when he lays down and is dead, and Mr. Contractor cannot buy another ass then he will wake up. That is about the way things are going here.

Things are looking pretty bright and I think we will get an agreement here which we are working on now, for better conditions. One thing we have got is a good executive board that attends to all meetings and business as it should. Of course you know this executive board consists of one Irish, one German and one Pole and a Yankee-doodle and the other carries the American flag, also rest of our officers are right on the job, if it was not for these few good men you would see us going down the creek in a hand-basket looking for a job as a dock-walleber, but of course we northerners are not so slow up here in the woods.

Work has been very good this winter, all the brothers have been busy, one large building the Pantin Hotel is a solid card-job throughout no card, no work with every one, some job believe us and of course Brother Pipen from New York City who has charge of the electric work is some union man and we tip our hat to him. We have a few men on the outside who are hard to get, in fact we will never unless things change. Also a few who were in the rank and file that has dropped away from us, bought a pair of new shoes that are pinching and now coming back with us, it has been a lesson to them that it is better to have a card then be without. I think this will take up enough space for the first time.

I will have to go to Building Trades meeting tonight to hear a little more business, so I will close. Wishing all the brothers success, I remain

Your brother,

A. P. Schneider,
Press Secretary.

L. U. NO. 109, ROCK ISLAND, ILL.

Editor:

I see by the March Worker that our Press Secretary has laid down on his job so I am going to drop a few lines so you will know that we are still alive and doing business at the old stand.

Work here is about the same as everywhere else, only a few of the boys working and some of them getting about half the time in but we look for a brighter future.

A few days ago I sent out about 40 letters to various Locals throughout the States of Illinois and Iowa asking for some information and the way the answers came back was great and I am taking this means to thank each and every one of you, who answered my letter, also for the interest that was shown in giving what I asked for.

If any of you brothers to whom I wrote

want to know how we came out just drop me a line and I will give you the whole dope from start to finish.

Possibly, I will be able to publish same in The Worker if the editor will allow that much room.

Hoping these few lines escape the waste basket and reach the eyes of the Brotherhood as a whole, I am, with best wishes to all,

Yours fraternally,
W. E. Optenberg,
Financial Secretary, L. U. No. 109.

L. U. NO. 110, ST. PAUL, MINN.

Just a few lines to let the Brotherhood know that Local No. 110 is still on the map, and are now getting very busy making arrangements for the coming convention next September, which gives us very little time to write lengthy letters for publication were we equal to the occasion.

It is our earnest desire to try and make your stay in St. Paul as pleasant as possible, and we hope to see a delegate from every Local Union in the Brotherhood here, as we believe the convention fund will be large enough to pay all the full amount, and for the small Local it ought to be easy to send a delegate if they just get busy and give some entertainment of some kind and raise a little money providing they have not sufficient money in their treasury. This should be the banner convention of our Brotherhood, and it will be so providing our Local Unions do not pull any stunts like Rip Van Winkle did, so here is hoping that all are alive to the situation that confronts us, and that we will make this the largest and most beneficial convention ever held by the I. B. E. W., and held in one of the finest cities in this land of the good old U. S. A., "St. Paul, Minn."

It might be well to add further to this, which will be information to some delegates who probably have never been through the section of the country, that St. Paul is surrounded by plenty of lakes which are full of fish, in fact the fish are so plentiful that you are compelled when out fishing to stand behind a tree to bait your hook (call a cop), and further, we have a number of nearby suburban towns, namely, Mendota, Hudson, where the prize fights are pulled off, Stillwater, where the State prison is located, and Minneapolis, and for your further information I will state that there is very little difference in being in Stillwater prison, or having to live in Minneapolis. In fact, the writer would prefer the former, the names of the inhabitants of that village run something like this: Swen Swenson, Ogle Peterson, Nels Nelson, Ole Pinebottleson, Nels Jumped Through the Windowson, Hans Hansen, Andy Anderson, and of course being so close to that

village we have a number of them over here, but have them trained in manner that they are presentable at least, and of course you will understand that the inhabitants of Minneapolis are allowed to run loose just like any other people, but that law has only been in vogue a few years, and the present legislature now in session is considering very strongly enacting a law to compel them to again wear muzzles for the protection of the traveling public which may by chance happen to visit their embryo village.

Work in St. Paul is very dull, and I would advise all traveling members to leave St. Paul off your route, as we have about 50 men walking the streets at the present time, and from the present outlook will state we are unable to figure out where these men are going to all be working before the latter part of July, so you can readily see this is no place to head for a job.

During the past month through the efforts of I. E. B. Member M. J. Boyle of this district we have succeeded in organizing all the installers working for the Tri-State Telephone Co., and we have also reached an agreement with them which increases their wages from what they were working for before the agreement went into effect. The minimum scale is now \$3.50. We also succeeded in getting the eight-hour day; they formerly worked nine hours. This I believe has been a grand stroke of business and will be of material benefit to all, and will also have a tendency to show the non-union men what can be accomplished by organization.

We have also organized the fixture hangers of St. Paul in a new Local No. 475, and they are going along nicely at present, and I hope to see them have a 100 per cent organization before the convention which I firmly believe they will.

Well, I guess this will be enough at least for this time, and if things go alright I will try and have a few lines in the next issue telling you of the great advantages to be had up here in the Orange Belt.

So with best wishes for the future success of our re-united Brotherhood I beg to remain,

Fraternally yours,
Frank Fisher,
Business Agent L. U. No. 110.

L. U. NO. 110, ST. PAUL, MINN.

Editor:

Just a few lines from L. U. No 110, St. Paul, our next convention city.

Work in this district is very slack now. Of course, you know that we have up here about seven months of winter at least.

Any brother thinking of coming this

way had better write to our Business Agent first.

Our Business Agent, Brother Frank Fisher, is right on the job. Credit must be given him for helping us to build our Local up to a 100 per cent organization.

We have a three year agreement with the contractors up here.

From May 1, 1914 to May 1, 1915, \$4.00. May 1, 1915 to May 1, 1916, \$4.25. May 1, 1916 to May 1, 1917, \$4.50.

Time and a half for hours before 8 a.m. and after 5 p. m. and Saturday afternoons which is the same. Double time for all hours after 12:00 p. m. Same apply for all legal holidays.

Brother Ray Cleary, Organizer, is up here now organizing an inside telephone men's Local No. 24, of St. Paul and Minneapolis. These men are employed by the Northwestern Bell Telephone Co., and the Tri-State Telephone Co. Conditions have already been improved.

Brother Cleary also organized a Fixturemen Local No. 475.

Old Local No. 23 (Linemen) is still on the firing line.

Wishing the I. B. E. W. a bigger and better year than ever before, I remain,

Yours fraternally,
C. A. Yares,
Press Secretary.

L. U. NO. 135, LA CROSSE, WIS.

Brothers:

Again I will attempt to let you know a few things in regards to what L. U. No. 135 of La Crosse, Wis., is doing.

We, the Brothers, are about to have our new agreement signed and we are not any to confident in our success, so in order to protect ourselves as well as all other Brothers who may come our way, we are compelled to put into effect Section 8 of Article 14.

We also ask the Brothers to observe Section 7 of Article 14 and it will save a lot of trouble.

To save time and trouble and probably save a Brother from embarrassment we, L. U. No. 135, ask all Brothers, when depositing travelers, to look up some official whom you know will present your card at the next meeting and who will by the virtue of his office, be a responsible party.

We have had two cases lately where a member of this Local Union has neglected to turn in travelers at the proper time and therefore have caused no end of arguments concerning the right to collect monthly dues from the traveling brother.

Please give this your attention and help yourself as well as the Local Union who may be the one to accept your traveler.

Local Union No. 135 does not wish to enforce any part of the Constitution that

will stop a brother from coming to see us, but we must do so at present in order that we can gain our points and as soon as all is well we will lift the Section and Article named herein.

Another thing we wish to call attention to, is the fact that a lot of down and out brothers have imposed upon us by asking help and after getting it, they use the money to get drunk.

A brother, or supposedly a brother, came through La Crosse, on Easter Sunday and ask for help and it was granted to him and the result was that he got drunk and that fact caused us to be a little sore about the matter.

His case being an exception, I am going to mention his name and want the Local who number I mention, to answer me in regard to who or whether this man is really a brother.

He gave his name as E. L. Troth, L. U. No. 173, Card No. 146253. A short fellow, dark, age about 35 years and claims to be a combination man.

The peculiar part of this affair is, that he only gave us a due receipt and claimed he had lost his card and traveler.

Now for the sake of those who do really need help, we ask those who beg to get drinks to stay away from La Crosse, for we are going to put the lid on fellows of that stamp.

We are not harping on the small amount we extended to the brother, but we ourselves have seen a tough winter, and can't stand for our money being licked up by a few soaks and then when a worthy brother comes our way he is apt to be refused.

I think I have made this plain and now will endeavor to say a word about other things.

L. U. No. 135 has been after rigid inspection in La Crosse and to date we have accomplished nothing definite, but prospects are brighter for us as soon as election takes a shift.

L. U. No. 135 has presented its agreements to the employers on April 1st and this gives the employers thirty days to co-operate with us and by this method we hope to avert trouble on the 1st of May when our old contract expires.

Our opinion in doing this was to arbitrate now and not after it was too late.

Another thing I wish to add is that since we began using the due buttons, we find that they have the desired effect, as it prompts a member to pay his dues and also it makes other men ask for the button of that particular month and is inclined to shame a member who is wearing a button a little longer than it should be worn.

The buttons are the real dope and I advise all Locals to adopt the plan as it is the only plan that helps to bring in the dues.

A card is O. K., but it takes a fellow with a very good eyesight to see through a card case or clothing, to see if a brother is paid up or not, while a button requires only a glance and the knowledge is gained.

We have in our city at this writing a Local Union of Rubber Boot and Shoe Workers whose employers refuse to arbitrate and has locked out about 135 men who organized for the sole purpose of the sick, accident and death benefits gained therein and as a brother I ask that every brother give their loyal support to them in every way possible.

A question of a benefit for "Brothers Out of Work" will likely be my next effort and I think my plan a good one and hope that it will become an International affair instead of a local fund.

Don't forget that L. U. No. 135 of La Crosse, Wis., intends to enforce Section 8, Article 14.

Fraternally yours,
C. W. Bennett,
Press Secretary and Business Agent.

L. U. NO. 142, BOSTON, MASS.
Editor:

The January issue of The Worker contained a lengthy editorial in regards to the St. Paul convention and I assume that many of our members perused it

GEO. F. MAHONEY,
President L. U. No. 142.

very carefully. As I note that several campaigns have been started by the members who desire to be delegates. At the present time I am informed by a friend of the following that they will be

the selected ones to represent us at the convention: Geo. L. Kelley, Jas. J. Egan, J. W. Dillon, A. S. Bullens, and that old war horse, W. H. Glacken. Glacken has been put in the fight later than the rest but his campaign is making great progress and many of the formers' supporters are on the Glacken band wagon. The above candidates are the only ones at present who have come out in the open but you may rest assured that several more will be on the ballot at election time. I am informed that President Geo. F. Mahoney will seek a second term as President and as Geo. has "delivered the goods" during his first term I don't see any reason why he will not be re-elected.

Last month the Local appointed a committee of five to look after the unemployed and set aside \$150.00 for its use. Many needy cases were found and assistance given them. Also will state the Local donated \$10.00 to the Boston Central Labor fund for the unemployed.

President Mahoney also appointed a committee of seven to investigate the government ownership problem.

Yours respectfully,

John J. Daley,
Press Secretary, Local No. 142.

L. U. NO. 155, OKLAHOMA CITY, OKLA.

Editor:

As there is no news to peddle and hoping to retain our space in The Worker may as well look on the humorous side and while the choir is practicing "Rocks of Ages," and Christian Science retailing at \$1.00 per bottle my thoughts wander back to the days of Lydia Pinkham when the Pilgrims chased angle worms up and down the Atlantic coast, and Antonio De Dig in De Ditch was picking the bones out of garlic while Mose Grunts drank carbolic acid and died of a broken heart.

Peter W. Collins paid a visit to this city Sunday, January 3, speaking under the auspices of the Knights of Columbus.

Conditions are about as usual here and considering the world's depression we ought to finish well up in the first division.

The State capital is under construction and an addition to the post office and same building but that's nothing to lure any brothers this way looking for a berth.

Hoping this finds you as well as it leaves me, I am,

Fraternally yours,
Geo. Phillips.

L. U. NO. 169, FRESNO, CALIF.

Editor:

We regret to mention the sudden death of Brother J. G. Rhymes, who was a charter member of this Local, and has

been a loyal brother since the charter was obtained, and has been an active member in the union. Brother Rhymes was President of this Local for the year just closed. The funeral was held in Fresno, Local No. 169, Woodmen of the World and Eagles having charge. A beautiful floral piece was sent by the many friends among the telephone employees throughout the Fresno district, and a beautiful piece from Local No. 169, I. B. E. W. A delegation from No. 169 attended the funeral.

Brother Billy Smith, after being layed up for ten days on account of being thrown under the speeder, when it hit a spike which had worked out of the tie and was derailed. While the car was bouncing along on the ties for about one hundred feet, Brother Smith attempted to shut off the gasoline which had been left open by H. R. Kerner, Bro. Billy's mechanican, losing his balance and being thrown when the car first left the rail. Bro. Smith sustained two fractured ribs and several bruises about the left side and arm, Mr. Kerner receiving only slight bruises, which were numerous, was able to work the next day. The accident occurred on the Visalia branch, near Del Rey.

Several changes have been made about the Fresno Exchange, reducing the force by one man, Bro. Curtis being laid off. Bro. Robinson is now the rack and power man, Bro. Beals on second trick, Bro. Eastabrooks helping Bro. Derr on P. B. X., Bro. Burton, who has been off for some time on account of having a fractured knee, is now working on the Test Board; and Bro. Bartlett, third trick repeaterman, is now changing the cords and winding the clocks, from 2:30 a. m. to 6:00 a. m.

Bro. Curtis left for San Francisco to take in the Fair and see if any openings in that vicinity.

Bro. Harry Stamps went to San Francisco on account of scarcity of work around Fresno.

Traveling card of Bro. Leedy from Local No. 36 was received in this Local and Bro. Leedy enrolled. Bro. Leedy is working for the San Joaquin Light and Power Co. here.

Bro. C. V. Barker we hear has been in Stockton for the past few weeks.

I. E. Bartlett,
Press Secretary.

L. U. NO. 177, JACKSONVILLE, FLA.

Editor:

It has been so long since I sent anything to The Worker that I guess everybody thinks that I am dead or resigned, but that is not so. I am still right here in little old Jacksonville, and am one of the members who attend meetings.

Business has been at a standstill here for a long time and it has been and is now a hustle for some of the boys to make both ends meet and I am not sure that they all have, in fact, I have at times myself had to fall back on, beans or bread.

The hard times seems to have caused many of the boys to loose heart and fall behind in the Local but some of them now are taking new life and getting in a little of their back dues and I noticed a marked improvement in the attendance at the last couple of meetings. Let us hope it keeps up; we need them all.

The weather is getting warm now and the "snow birds" are taking "flight," and I sincerely hope that before next fall's cold weather that they will either join the European war or some one will crop their wings so they cannot fly so far as Florida again.

I notice that one of the large lumber mills is starting up again after being shut down all winter and that looks good even though the lumber is shipped east, west and north it will make business there to keep the stragglers away, then the few natives here will have what little there is doing; every little bit helps.

The city has been doing extensive underground electric work this winter and given quite a number of men good jobs, but it seems impossible to make these men see where it will be any benefit to them to join the Local, but I feel that the day will come when they will be able to see their mistake.

We, in a roundabout, good-natured way, have been working on the part of Board of Trustees, the city council, city engineers and heads of departments of the city to try and induce them to use white linemen instead of the shines that have been doing the work hitherto. We have succeeded in getting promises from different ones of the various people that they will use their best influence in having the change made—that's all.

Well, if any of you good card men who happen to be on a vacation and passing this way, don't forget that if they should stop off at Jacksonville that Local No. 177 has a meeting every Tuesday evening at 47½ West Bay street, and I can assure them that they can have a seat with us and a space to stand and a few moments' time to express themselves, and tell us how things are in their home towns, especially an officer or an organizer. Nothing would please me better than to have a visit from some of the brothers higher up, such as the President or some of the Vice Presidents or the Secretary, for instance. I think if some of the General Office force should happen to get as far south as Jacksonville that Local No. 177 would have one celebration in his honor and will possibly

open up a keg of nails or have a barbecue after the regular meeting. •

Try us and see.

Well, I have said enough now. You are all tired and so am I but come around and look me up and I will pin a rose on you.

Fraternally yours,

"Dad" Foster,

Press Secretary, Local No. 177,
1235 Main street, Jacksonville, Fla.

L. U. NO. 188, CHARLESTON, W. VA.

Editor:

We desire you to publish in your next issue of The Journal one G. Thompson, and tell all brothers to look out for him, as he four-flushed around here stating that he had a card out of No. 84 of Atlanta, Ga. He left here and before leaving tried to jump board bills, but through some of our worthy brothers kept him from doing so. Last heard of was in Jacksonville, Fla. We had a letter from the Financial Secretary of No. 84 and says can't find any record of his ever belonging there. Such a man is not worthy to be amongst men, so brothers look out for this man.

We are looking for a good summer's work but can't tell.

Will close with best wishes to all the brothers.

Yours fraternally,

L. U. NO. 189, QUINCY, MASS.

Editor:

We hear nowadays of the "Economic Interpretation of History."

Human life is viewed as a struggle to get a living and become rich.

The selfishness of men hustling for food, clothing, shelter and wealth determines their religion, their politics, their form of government, their family life, their ideals. Men act together because they are together and believe together. An inspiring idea as well as the next meal makes history. It is when such an idea coincides with the economic want and the two corroborate each other that the mass of men begins to move. Whenever opportunity to labor is obtained with difficulty and is so deficient that the employing class may virtually prescribe their own terms and pay the laborer only such share as they choose of the product, there is a very strong tendency to slavery.

Buy your labor as cheaply as possible when it is abundant and unorganized, make immense profit and acquire boundless wealth as the Rockefellers, Carnegies and Schwabs have done; let the weakest go to the wall on the principle that business is business, and you will

find that no distribution relief or schemes such as safety first, efficiency, piece work system, bonus plans or any form of quasi charity will make up for your original in justice and neglect.

The primitive competition of employer against employer is a childish game compared with the modern competition of manager against manager checked up every month by cold statistics of cost. Under this system managers go down like ten pins or up like Schwab. They hire and fire their employees, promote and derate their subordinates with the precision of rapid fire guns. Under their exact system of costs they measure a man as they do coal, iron and kilowatts, and labor becomes literally what it has been by analogy a commodity. This situation prevails very forcibly in the present conditions in the big industrial plant of this city.

Chas. W. Hanscom,
President L. U. No. 189,
Quincy, Mass.

L. U. NO. 196, ROCKFORD, ILL.

Editor:

I have been appointed Press Secretary of Local No. 196, Rockford, Ill., and will try and give you a little idea of what is going on here in connection with this organization.

We have an open charter now and many of the boys in this locality are taking advantage of it and coming in. We took in two new members last meeting night and we have ten or fifteen more applications for membership.

There is not much going on here in the line of work at present but most of the boys are working. Good prospects for a good year as building is increasing right along.

We have an 85 per cent organization at the present time and are working hard to get them all.

Will try and find something more interesting for next month. I am,

1127 Charles St., Rockford, Ill.

L. U. NO. 202, BOSTON, MASS.

Dear Brothers:

After listening to the well-intended and well addressed remarks of President Annie Malloy of the Operators' Union, I feel that it is up to the Press Secretaries of all the Locals of the Brotherhood to keep their Locals in the front through the greatest medium that we have for that purpose, namely, The Electrical Worker.

Since the date of my last letter, we have been on the jump, increasing our membership at each meeting and still hustling for more.

Brother Fred A. Bryan has resigned as Vice-President on account of the large amount of personal business and Brother George Griffin has been elected to fill his unexpired term. Nevertheless, Brother Bryan is still an active member of the Local.

Brothers, if you have never met a regular thirty-third degree, live wire, enthusiastic Executive Board, permit me to introduce the above in the Executive Board of Local No. 202. They are a bunch of hummers, and a more level-headed, conscientious and consistent crowd of men cannot be found. Brother George Murray, the chairman of the Board is a midget in stature, but his mental capacity and his aggressiveness tower greatly over his size. His unselfish work has been a source of inspiration for other members to "buck up" and work for the Union.

Recently the brothers enjoyed a party given by Local 8a, which is one of the girls' locals in Boston. The affair was in a form of a linen shower on Miss Annette Long, who is soon to become the bride of one of the most popular members of our organization, Brother "Connie" Murphy.

Business in Boston is the same as it is throughout the rest of the country. It is very quiet but the prospects of it getting better seem to be bright.

Wishing all the members of the Brotherhood the greatest success, I remain,

Yours sincerely,

Fred E. Cox,
Press Secretary.

L. U. NO. 209, LOGANSPORT, IND.

Editor:

In spite of the fact that Local No. 209 has not been heard from for some time it still exists.

So having been elected Press Secretary and urged to send in a letter, urged with the promise of a fine tacked upon me in case I fail, it's time to get busy.

Work is very slack here at present and several of the brothers are out on travelers', but as spring has come at last we are looking forward to better times, if all reports are true there will be plenty of work this summer.

We have things very well organized here as all the departments of the light and telephone that were eligible to join the Union have been taken in.

We have moved from our temporary headquarters to the new Trades Assembly Hall on Fourth street. Meeting nights first and third Fridays. All Brothers cordially invited.

Wishing the brothers the best of success and happiness, I remain,
Yours fraternally,
Marvin O. Deisch,
Press Secretary.

P. S.

The boys in here are all true blue,
When they talk a fine it's no use to chew,
So if you can possibly get this through
I will certainly be much obliged to you.

**L. U. NO. 222, MEDICINE HAT,
ALBERTA.**

Editor:

On being reminded that I drew the plum of Press Secretaryship from the last election, it's about time I was on the job.

Work in the Hat is very slack at present and very few working. However we don't like to put up that old calamity howl, "Stay away." I knew it used to stick in my craw when traveling. It makes a fellow feel like an intruder to offer his traveling card in some locals even in times of plenty. So while there's nothing to offer in the way of a job, yet should a traveling brother drop off here we can always square him for a feed and give him the glad hand rather than the frosty milt.

Three of our Brothers have enlisted, viz.: Brothers Harrop, Cooke and Hassard. The Local has decided to pay these brothers' per capita tax and keep them in good standing while they are away, being the least we can do.

We gave a ball recently in these brothers' honor and it was voted about the swellest thing the people around have seen. Judging from the encores after the dim moonlight effect it was a big success.

We made a common mistake though, we did not charge enough admission for what we gave so we went into the hole. However, experience is a good teacher.

We are to be congratulated in being a united Brotherhood once more. It is still far from being perfect and we all will have to do our share towards making it so.

There is big work to be done at the next convention and it is to be hoped that instead of being a Brotherhood in name only, we will become imbued with a real feeling of fraternity that will draw us closer together. Certainly the high-board fence around some Locals at the present time does not promote the union spirit among those who run up against it.

At our last election the following Brothers were elected to office: President, J. O'Connor; Vice President, J. S. Cook; Financial Secretary, Byron Vickrage; Recording Secretary, W. S. McGovern; Treasurer, A. W. Keene.

They're a good bunch hailing from all over the country.

With best wishes to all the Locals and the G. O., I am,
Fraternally yours,

R. J. Franks.

Hello Bro. Ray Gillette of No. 354.

L. U. NO. 226, TOPEKA, KAN.

Editor:

Business has picked up a little and bids fair to be enough to keep us all busy for a few weeks.

The one thing I want to tell about is our new City Inspector. It should be a lesson for union men and an example for non-union men. Brother A. E. Sutton came into our Local of his own free will when it was organized. He was maintenance man in a college here and it was not necessary for him to be in the Local. He came to the meetings regular, always paid his dues and was always a brother we liked. As a reward for his good spirit we made him President once or twice and he made a good one.

We put him up for Inspector a few years ago but the civil service held the other man in and also made a better inspector of him.

Well now for this time, our Inspector, E. J. Stewart, resigned to take a position as State Inspector for the Underwriters of Kansas. As I said in a previous letter a surprise party was held and later these exams were declared void. A new examination was given and just two took it, although several said they were going to. The result was Brother Sutton and an ex-brother took on a warm fight for the appointment. The two men are as different as can be. Sutton was regular, paid up and well liked. The other brother or ex-brother was reinstated several times, barred from work once for arrears and never attended meetings to speak of. The Local endorsed Sutton, put out a committee and after a hard fight Sutton was appointed. Sutton inspected my job this afternoon and I must say it was reward in itself to feel that a brother we liked and helped was passing on our work.

We hope Brother Sutton will be a big success and I know all the brothers will co-operate with a brother who has displayed the spirit Sutton has.

"Moral—Attend local meetings regular, keep your card paid up and get the good will of the boys in your local."

The new shop put up another sign and appears to have come to camp a while.

A little agitation for municipal light put a little life in one of the McKinley Syndicate's chain of plants and now Topeka is getting a 2c reduction and lots of extensions, thus making a little old house work for some of us poor patchers.

Also we just want to remind you that Kansas has gone a little out of his way to take up the white man's burden. That's all!

Are you thinking up dope to load the convention with? We have been thinking but nobody has said much as yet.

Labor was a big help in placing two commissioners back in position this election. Labor could do wonders if it would stick together at the polls.

Elect a legislative committee and watch all these politicians and let them know you are watching them. Crack the whip at them once in a while and watch the results.

Yours fraternally,
Chas. Mannsell.

L. U. NO. 239, WILLIAMSPORT, PA.

Editor:

I am a member of No. 239 together with about thirty-five more; we generally have a fair attendance, but on account of slack times we are scattered around quite a little.

But we are all stickers and expect to do better this coming season and if any brother happens along we will be glad to have him stop and give us a call. But don't come for a job because everything is dead at present.

We are all sorry to lose our friend and brother, James Tompson, who was hurt and died a couple days later, caused by a cross-arm breaking off and sending him head first to the ground, crushing his skull.

Hoping we will be remembered with the rest of the workers.

I remain as a brother.

Eugene E. Lilly,
Press Secretary, Milton, Pa.

L. U. NO. 279, FITCHBURG, MASS.

Editor:

Hello—Brothers, here is a new one from Local No. 279. We have just got started and are hardly out of our pinnafores, but expect to grow big as soon as the good old sun comes out and warms us up a little.

The conditions here are about the same as everywhere else, very little to do, but are hoping for improvement in the spring.

The members of this Local live in fifteen different towns and cities and are scattered some, so that we are compelled to hold meetings on Sunday afternoon. As for me I generally leave home at 12 noon and get back at 8 p. m. Some are even worse than that in time spent in going to the meetings, but at the meetings it is a pleasure as we meet our brothers.

This is my first offense so will draw it to a close.

Yours fraternally,
Woodbe Secretary.

L. U. NO. 291, BOISE, IDAHO.

Editor:

It is a long time since there have been any signs of life from No. 291, so far as anything appearing in The Worker would indicate. Things have been very dull here for the last eighteen months as both of the power companies have been tied up in receivers' hands and the Bell has been doing nothing but maintenance work; they having completely rebuilt this country during 1912 and 1913.

But the sun is trying to break through the clouds again, as indications are that the receivers' suits are about to be cleaned up for the power companies, and they have done so little work for the last two years that they will have to get busy before long or their stuff will all fall down.

But No. 291 has not wasted their time altogether, as during the last few months we have succeeded in securing a hearing before the Public Utilities Commission on rules for overhead construction.

This hearing was brought up by the Telephone and Power companies and it appeared for a while as though we were not going to get a hearing, and we have no thanks to offer to certain ones of the Power people that we were finally heard. But we secured the hearing and obtained results that were worth while.

We secured, among other things, a clear climbing space, to be at least 20 inches between any primaries on the pole; 30 inches between arms on poles, where there are any primaries on the pole; 30 inches between pole pins and not less than 14½ inches between other pins; circuit breakers in all guys on poles carrying power wires under 15,000 volts; no transformers, cut-outs or oil switches on buckarm poles; ground wires on side of transformer poles to be covered with wooden moulding, and several other things which all make for more safety.

These things may not seem much to talk about to the men in some parts of the country, but they are so much better than any thing we have in this State that we are very much pleased with ourselves to get even this much.

These rules are the first that have been adopted by any State which have not been strenuously protested by some of the parties at interest, and the companies claim that they are going to try and make them a kind of standard all over the country, so if they do not suit you you had better get busy and get ready to present something that will be better in any state where there is a commission and where there is nothing better in force at present already.

I was informed by one of the members of the Utilities Commission that they had had calls for copies of these rules from

Canada to Texas and from Maine to California.

I am enclosing a copy for the G. O. files.

Yours truly,
Roy Carson.

L. U. NO. 321, LASALLE, ILL.

Editor:

We are pleased to let the Brotherhood know that after considerable work, we have organized the Brown Bros.' Construction Co. of Spring Valley, the boys were out just one week. They at last have signed up our agreement and made it a union job, so you may publish this in The Worker as the linemen know this party in this locality pretty well. They were a non-union bunch, until now, and have at last come clean and the whole community of Spring Valley which is an organized mining town, are very well pleased with the results, as this company has been a sore eye to the town. We have ten already initiated and expect to get the rest at our next meeting.

I remain,

Respectfully,
Thos. Gaggs, President.

L. U. NO. 380, PROVO, UTAH.

Editor and Brother:

We have been informed that the International Office has the impression that we do not want to maintain the Inter-Mountain District Council, hence this letter to inform you that Local Union No. 380 has voted to maintain said District Council, believing that by so doing, we are advancing the cause of organized labor.

At the time of our acceptance of the terms of the Tentative Agreement, it was our understanding that the International Office would assist in maintaining the same.

We also think that when the International Office has been informed that all the Locals in the jurisdiction of the Inter-Mountain District Council want a District Council, they will live up to their terms in the tentative agreement. Please publish this in The Worker.

We are also sending a copy of the same to the Inter-Mountain District Council Office.

Trusting you will give us your cooperation in the matter, we are

G. H. Hickman,
R. E. Knapp,
Committee.

L. U. NO. 383, GILLESPIE, ILL.

Editor:

Just a few remarks to let you know how this lively little local is progressing.

We are getting the boys from the towns in our district lined up pretty good, including the picture operators. There is not much work going on at present, the Gillespie Home Telephone Co. being about the busiest. They are re-modeling their system between here and Benld. Our first agreement has been closed with the above company and we are expecting to conclude negotiations with the Southern Illinois Light and Power Co. shortly. They have been presented with an agreement, and it only needs the signature of the Superintendent to make it valid. We have some of the electrical workers from the mines in this Local, and our next step will be to present their case to the operator and to the United Mine Workers. These boys have no scale under the Mine Workers' agreement, and it is only proper that they should be represented when the next miners' conference is called with a view to getting a scale fixed for them. I would like to issue a word of warning regarding one A. M. Donahue, lineman, who has been working here, and is a kind of wanderer. He appears to have a habit of beating Locals out of their just dues and he did it here. We would be glad if you would insert a notice to that effect in The Worker. Will conclude with best wishes to the Brotherhood generally.

W. Foster.

L. U. NO. 387, FREEPORT, ILL.

Editor:

Well, Brothers, another month has passed and business has not picked up very much in our line as yet. Am glad to say that nearly all of the home guards have work at present.

The weather is still unsettled and the companies have not started any extra work.

No. 387 has had an open charter the past month and we have taken in seven new members. Every lineman in the city has a card, but the inside men are still out. We gave them a chance to come back into the Brotherhood but "nothing doing." They say the linemen always gave them the worst of it, yet, we offered to give them our support in getting a charter of their own, but they did not want to do even that.

The new Y. M. C. A. job is now on. Don't know how they will make out on it, as it is supposed to be a union job although there is but one union wireman in the city of Freeport. That is not a very good showing for a town of this size, is it Brothers? I think the Factory Men's Association have it on the poor boobs.

Brother Joe Rickert will represent No. 387 at the District Council convention the 3d of May.

Fraternally yours,

D. H. Price.

WORKERS AND OPERATORS.

255

L. U. NO. 434, DOUGLAS, ARIZ.

To the Editor—Greetings:

It has been a long time since this Local has been heard from through the columns of The Worker, so its members have informed me, hence I shall make the attempt to break into print after having been elected Press Secretary, but before going further I shall predict the early downfall of this same Secretary. Just say "not qualified." However, I shall make an effort.

For the benefit of the unimformed L. U. No. 434 is located at Douglas, Ariz., which is the smelter center for one of the biggest copper deposits in the world, the city is known as the "Copper City of the Southwest" and is also the natural gateway into Sonora, Mexico.

Local No. 434, as you all know, is one of the R. and M. that went over in October, and we are all well pleased with the just treatment we have received, henceforth we stand ready to do everything within our power to make the International Brotherhood of Electrical Workers one grand and lasting Brotherhood.

At present conditions are very poor in this vicinity and many of our oldest and best members necessarily had to seek employment in other localities because of the hardships the European war and Mexican Revolution has worked upon the copper market, however, we that are left are very much alive, and are endeavoring to do all the good we possibly can for the betterment of the Brotherhood.

After December election the following officers were installed for the ensuing year:

President, J. F. Johnson, First National Bank Bldg.; Vice Presidnet, Gleen C. Boyd, Hotel Hadden; Financial Secretary and Treasurer, M. L. Wright, Box 961; Recording Secretary, Douglas Philips, C. and A. Hotel.

Our meeting night has been changed to the first Tuesday of each month in the First national Bank Bldg.

For the benefit of traveling brothers allow me to state that there is no employment to be had in this vicinity and that a number of our own brothers are using our pie tickets to good advantage, therefore it would be advisable before stopping off here to drop us a card to find out if conditions have improved. In crossing the Arizona Desert be very careful of first-aid snake bite medicines, as the new Prohibition Law may get you in its clutches.

Hoping the New Year will bring prosperity to the reunited Brotherhood, I remain,

Fraternally yours,
Glen C. Boyd,
Press Secretary.

L. U. NO. 445, BATTLE CREEK, MICH.

Editor:

Greeting—Well, boys, I have been a card man for some time and have always enjoyed reading the letters from the different Locals. But up to the present time have never had the pleasure of seeing old No. 445 represented by a Press Secretary. So if the brothers will be patient for a few minutes I will take matters in my own hands and see what can be done.

As it seems to be the rule to report poor conditions I will say that they are extremely bad here at present. As is generally known this is an awfully hard town to organize. And while we are all in the game to stay, things come pretty slow. We have several members out of work and it looks bad for the summer. But we aren't hanging around waiting for some nice, good millionaire philanthropist to come across and hand us one in the neck. We are going out and get him first.

Organizer Sweek was with us for a couple of days and we sure enjoyed his visit. We held an open meeting while he was here and as a result we took in three new members the next meeting night and have five to initiate next week. Come again, Sweek, when you have more time to spare with us.

In our organizing campaign we had the hearty co-operation of the Trades and Labor Council. And I want to say boys that by all trades helping one another we can accomplish wonders. Battle Creek has tried several times to get a Labor Council organized and at last I think we have got an efficient and staying council.

Spring elections are soon due and we have invited the various candidates for public office in the city to come up to the hall and give their views on questions of interest to labor. As a result we are hearing some spirited debates. We have some men in the organization that are far from being asleep on questions of that nature.

The greatest trouble I find in a local is getting the fellows to come up to the meetings. They seem to have a notion that a few of us are going to run the whole thing and get conditions that a Prince would be glad to enjoy. But that's all bunk boys and the sooner you get to realize it the sooner you'll have the big guns by the neck. If any one can give me a receipt to get the guys out without a shot gun I would be very grateful.

One of the big contractors here has got a hunch that we need license laws in this city. Also the boys have got a notion that the ordinance isn't going to be a one-sided affair. So if any of the

Locals can give us any information along this line or can refer us to other ordinances we would greatly appreciate it.

Well, I guess this is enough for a try-out. But if it gets by the censor we will try to do better next time.

Fraternally and cordially yours,
Theo. H. Edwards,
President.

L. U. NO. 446, MONROE, LA.

Editor:

I hope I am not too late to get this in The Worker. Work is slow here now. Summer time is on us, which we have all been longing for, for some time. We have taken in another brother at the last meeting night. Our meeting night is changed from first Saturday and third Saturday of each month to first and third Tuesday night of each month. One year ago Monroe had about three Local Unions.

Today we have about a dozen organized crafts and are working to get the teamsters organized. Monroe is the best organized town of its size in the south. Our city has a population of 12,000. Our prospects for the future are good. We are looking for an oil field here, they are drilling for oil now.

We are in receipt of a few traveling cards from brothers out of Shreveport Local, who are working on a job in West Monroe.

I am glad to see a letter from Brother Hughes of Memphis Local. Come again, Bro. Hughes. It would be nice for all Locals to send in a letter if it is only a few lines. We all like to know how our sister Locals are getting along. Thanking the Editor, I am

Yours fraternally,

C. C. Sutherlin,
Recording Secretary.

L. U. NO. 465, SAN DIEGO, CAL.

Editor:

Just a few lines to let the Brotherhood know that while we are having a fair here it was not fair to the Electrical Workers, nor to any one else for that matter; also that there is no work going on and half of the wiremen and several of the linemen are laying off, some are working with the pick and shovel and are thankful to get that much to do, and I might say that all of the crafts are in the same fix, so stay away unless you have a return ticket, for this is the place where everything dead ends and of course you have to turn back when you want to leave; (the reason for mentioning the return ticket), and I might state that there are no prospects of work picking up this year.

Yours fraternally,

C. J. Brown,
Financial Secretary.

L. U. NO. 513, MANCHESTER, N. H.

Editor:

I am dropping you a few lines to let you know we are all alive and kicking up here in this grand old Granite State. This is the first time that I know of that No. 513 ever had a Press Agent. I mentioned it at the last meeting of the Local and I was elected. In looking over your magazine I find it well worth reading. I notice in about all of your publications there are places where the work is slack. The same thing exists here at the present time. So please when you publish this I hope if there are any brothers planning on coming this way to bring plenty of ready money for stop overs. We are at present having a little trouble with the Light Company in this town. They have always objected to union men being on the job. But if we have any say on the matter they'll have union men or have none at all. The State Federation has got the case in their hands. And the way things look now, I think we will come out with flying colors. We have been organized something like two years or more and I think we have got one of the best Locals in New England. We average at least three candidates each meeting. I hope I will see No. 513 represented at the next convention. Please publish this in your next edition.

Will close now by extending a welcome hand to all of the brothers who may stray this way.

F. Hohan,
Press Secretary.

L. U. NO. 523, NORTH YAKIMA, WASH.

Editor:

Since my last letter, we have had Organizer Dunn with us. He has been lining up delinquents, and straightening out some difficulties with the P. P. & L. Co. In regards to some work being done contrary to the State law. We are glad to see an Organizer now and then, as we seem to be off the regular beat here. And a few encouraging words from an Organizer once in a while, helps us to keep our members in line to "Fight the Good Fight" for Organized Labor.

Some of our members have gone to Montana, they all got work on the Milwaukee job. The rest of us are working at present. We are now affiliated with the State Federation of Labor, and will try to show the delegates at the convention here that the Electrical Workers are a live bunch.. Bro. B. F. Weisinger is around again after a trip to the hospital, with pneumonia.

I am glad to see that the Press Secretaries are waking up, but there are still a good many of them in the land of dreams. "Wake up," Brothers, and let

us hear from your section of the country. Spring time is here the days of itching feet are here again. Maybe some of us would like to "drift" your way. Let us know how conditions are in your territory.

Times are about the same here. No work to speak of. I wish we could get The Worker along about the end of the month so that I could look it over before writing my monthly letter. As it is, if I wait to read The Worker of the current month I can't get my next letter in on time, as it is usually the 7th and 8th of the month before I get my Worker for the preceding month.

With best wishes for the success of the Brotherhood, I remain

Fraternally,

E. J. Berrigan,
Press Secretary.

L. U. NO. 547, FAIRMONT, W. VA.

Editor:

Just a few lines to let the brothers know that there is still a Local by the number of No. 547, as I guess there are lots of the brothers who thinks there is not because it has been a long time since they have heard from us. Things are very dull here and have been all winter with no prospect of them getting better soon. About half of the boys have been without work most of the winter. We have no agreement with the contractors here, but hope to have in the near future. We take in a new member once in a while, but have trouble getting the boys to attend the meetings, but suppose that is the case in all Locals there are several non-union men here and we would like to see a deputy here believing that he could do some good. Hoping that this will find a place in the next Worker I will ring off for this time and do better in the future.

Fraternally yours,

Floyd W. Jeffers,
Press Secretary.

WHEN A TRAVELER TRAVELS.

(By J. B. Spangler, Local No. 595, Oakland, Cal.)

Editor:

The first thing that a brother about to travel thinks about is, to go where conditions are better. And it is right that he should feel that way, of course it is. Perhaps, however, it will be far better if he would stay and improve conditions where he is, but he don't.

Like the Chinaman that comes to America, he emigrates to a place where others have fought the battles and won better conditions.

Shall we say to him as we do to the Chinaman?

Back, lack, to your low wages and long hours. Keep your wife in poverty and your children in ignorance?

Or shall we say to him with extended arms, welcome to our better conditions share with us our better wages and shorter hours?

Yes, even though by your very presence you jeopardize our good conditions and make our wage scale only to exist on paper.

And if we keep him out thus saving the grapes for ourselves as we planted the vineyard, he forwith raveth much and straight way breaks his ticket in pieces, and at once starts a ringtail shop and coyotes after a meal ticket.

Heads you win. Tails I lose. I give it up.

Discussion invited.

L. U. NO. 611, ALBUQUERQUE, N. M.

Editor:

Just a line to let you know No. 611 is still in the ring.

We have been having quiet a little trouble getting a new agreement and wage scale here but thanks to the boys and our Worthy President whose never tiring efforts aided us very much.

Brother Queir, our President, is a lineman and the way he worked to help the narrow backs on the agreement is certainly good evidence of a union man.

So seldom a lineman takes much interest in inside trouble, but he is a "Queir" lineman?

One contractor signed up as he says under "protest" only to withdraw his name from the agreement the first week. I suppose he did this under protest.

Bud decided all his work was under protest so he asked to sign up again and promised to be good (after taking to that "Queir" lineman).

As most of our men are working for "Do Little Steal" now, we are forced to take advantage of the ninety-day clause.

Work has been very slack around here all year and as the "Pingon Crop" was a failure some of the boys are not taking on much weight, but lots of wait.

Saw a letter in The Worker from Bro. Bill Stuckey of No. 406. Hello Bill, glad to know you are still holding your own. Are you keeping house yet? May all your troubles be little ones. Hope to see something more than a fence running around your house when I call on you.

No. 611 is going to levy a special assessment to buy Bro. Hatless Beech a hat.

"Red" Moran was through some time ago and said he and Paul Bunion had taken a contract to pull the slack in the

Mason and Dixon line and reguy the North Pole.

With best regards to all and best wishes for the Brother Hood will say Adios.

T. O. Drummond,
Press Secretary.

L. U. NO. 619, HOT SPRINGS, ARK.

Editor:

Will try and write the usual few lines for the monthly issue of The Worker. Hope by the time this appears in print that business will have materially improved, but at this writing conditions here are very bad from our point of view.

Those of you who have been contemplating coming to Hot prings to work this summer had better reconsider unless more work shows up than is at present indicated.

The jitney bus craze has struck Hot Springs in a mild form but the outbreak has not become very violent yet. There is an automobile or two in the game and several Fords. Their effect on the earnings of the Street Railway Company are not apparent yet. They haven't taken off any cars. The railway and light company have only about two or three linemen working.

We have no central labor organization here although a number of efforts to organize one have been made.

Our district organizer, Scott, made us a short visit last fall and made a good impression on the members while here, but we are not bothered a great deal by visits from District Council or General Office officials.

The European war is bothering industrial conditions all over this country and the sooner it is ended the better it will be for labor all over the country. And while they are all rallying to the support of standards let us rally round our banner of Union Labor and always look for the label on all our purchases, which will be our guarantee that the goods were produced in a sanitary shop under fair working conditions, and not the product of so-called sweat shops, wrung from the toil of half-starved women and children.

Yours truly,

S. A. King,
Press Secretary, L. U. No. 619.

L. U. NO. 649, ALTON, ILL.

Editor:

I have not seen anything in The Worker from No. 649 for a long time, so it is now up to me to tell the Brotherhood at large that we still exist. Conditions here are about the same as everywhere else I have heard from. Most all of our brothers are working at present. To tell it straight there isn't much doing

here now with any of the companies, so would not advise any floating brothers to come looking for work, but if any do come, we will see that they do not leave hungry, or have to sleep in a barn. We are always glad to see a good card man.

Shorty Baker of 508 State, Alton, Ill., would like to hear from Henry Dutch Wallraff, S. D.; Kimbal and Duch King.

Well, Brothers, this is my first attempt at writing a letter for The Worker and it is a short one, but I will endeavor to do better and perhaps write a longer one next time, I remain

Fraternally yours,

Joe Schmitt,
Press Secretary.

L. U. NO. 660, WATERBURY, CONN.

Editor:

As Local No. 660 has not so far had any correspondence in The Electrical Worker, although we have had a Press Secretary, I will try and make up for last time. Local No. 660 has only been in existence a little over a year, but at present we can say that we are one of the strongest organized Locals in this city.

At our January election the following officers were elected:

President, Victor L. Henreux.
Vice-President, I. J. H. Toffey.
Financial Secretary, Merritt Walters.
Treasurer, Revel A. Kelder.
Recording Secretary, H. W. Abel.
Foreman, John Sugrue.
First Inspector, John Vought.
Second Inspector, Henry Strickland.
Business Agent, J. P. Donahue.
Trustees, Thos. Cronin, Kenneth Downey, Chas. Wiehn.
Press Secretary, F. Miller.

Our meeting nights are the second and fourth Mondays of each month at East Main Street, so if any our brother workers are in the neighborhood of Waterbury on those nights or any other time we shall be glad to entertain them. At our last meeting the Local formed itself into a committee as a whole to devise ways and means to send a delegate to the St. Paul convention.

It has been a very busy winter in Waterbury and most of the boys have been working more or less on full time and it looks pretty good for some time yet.

A get together meeting of the Local Building Trades was held on Friday evening, March 12. The purpose of which was to have all the brothers ask for the working cards. Further to have all trades help each other in seeking new members, and making Waterbury a 100 per cent organized city in all crafts. This city like all the rest has a few shoe-string contractors, while the moonlight

contractors are also in existence but not very much. Hoping that the brothers will be satisfied with my first attempt, also wishing them all success, I remain
Fraternally yours,

F. Miller,
Press Secretary.

L. U. NO. 706, MONMOUTH, ILL.

Editor:

Well, as this is my first letter to The Worker from No. 706, I will write a few lines to let you know we are still pulling together.

We are only eighteen months old here in Monmouth, but we have done some good. We have had the two inside shops signed up for a year now and hope to get them to sign up again the first of May.

Work is scarce around here now, has been most all winter, but most all the boys have been employed all winter.

I wish some one would suggest some plan to get members out to meetings.

We sometimes don't have enough to hold a meeting.

If we would all attend meetings we could all get closer together and could feel like fighting for our rights.

But where only four or five have got to keep things a gaining it gets very discouraging sometimes.

Seems as though some think that if they keep their dues paid up that is enough and some of them you have to keep after to get them to do that.

We need more union men and not so many card men.

So let us all get together twice a month anyway and talk difficulties over in our hall and not outside.

Let us all read L. U. No. 14 letter of January and I think it will help some. I know it did me. Let us all boost for the union, not knock.

We have a good Local here about twenty-five in good standing. We have put out a number of travelers since the first of the year. The 20th day of December we took in eleven new members that were working on a high line near here.

Most of them have been calling for travelers since.

Well, as this is my first letter for The Worker, I had better ring off, hoping to see more letters from some of our Locals for I and most all others like to read them, and if any brother ever happens to blow in, we are always glad to see them.

Yours fraternally,

F. Stutsman,
Press Secretary.

L. U. NO. 713, CHICAGO, ILL.

Editor:

Another month has passed and the condition of trade has not changed a bit. There seems to be nothing in sight for some time as things are pretty tight, with the Building Trades hooked up with their difficulties and rumors of strife. So there is nothing for the shop end to do but to Watch and Wait.

Our visitors are keeping up and in another month we will have a record which will be hard to beat.

Among our visitors for the past month was International President McNulty, who gave the boys a lengthy talk which was both interesting and enjoyable to all present. Knowing he cannot be with us often we are all filled with hopes that he will grace us with his presence again in the near future.

Some of our other visitors were International Organizer Raymond Cleary, Bro. John Murphy, Business Agent of Local No. 134, and Bro. John Breslin, Executive Board member of Local No. 134. All of whom spoke and enlightened the Local in many ways.

This being convention year I glanced through the recommendations of our last convention and my eye fell upon the 10th one which reads as follows:

We recommend that so far as practical all members of the I. B. E. W. who are engaged in the erecting, installing, operating or repairing of all electric apparatus shall insist that all electrical apparatus and devices erected, installed, repaired or operated by them shall bear the I. B. E. W. Union Label.

I would like to hear from the various secretaries how far this recommendation has been looked into as there seems to be less doing in our shops which repair and manufacture these apparatus today than two years ago. It also seems that our brother members sometimes forget that there is a branch to our Brotherhood under the "H" classification which signifies Shop Electricians, and as we are united together to help one another, (or as our constitution puts it,) by legal and proper means elevate the moral, intellectual and social conditions of our members, I think our members should look for the Label of our Brotherhood more than what they do.

In conclusion, if all our Locals will follow out the recommendations of that last convention I think it would not alone increase the number of our Shop Locals but also the membership of our Brotherhood and also help to keep the unemployed members of our craft at a minimum.

J. A. Jackson,
Press Secretary.

L. U. NO. 723, FT. WAYNE, IND.**Editor:**

It is already six weeks and past since we seen the ground hog. The weather is not so bad, but work is rotten. When you go to the boss, you hear the same old story "Nothing Doing Yet." I would not advise travelers to come this way soon for our committee has worked out a new wage scale and it has been approved by our Central Body and will go into effect on May 1, so here's hoping it will not be as hard a fight as last time.

I was reading in a monthly magazine a story by the Editor, that organizations kept the nation from going prohibition. Brothers, why shouldn't it? Are we not obligated to stand by one another? In this case what would become of our brother Brewery workers, and our Bartender friend, who sets us out our daily beverage? We should look out for these brothers as well as the nation.

To our brother, Local No. 668, at Lafayette, Ind., I would like to say, look out for one Curt Lewis who hails from your town, and has worked with the Interurban Company between here and your city, as he scabbed the trolley job here on us the last time we struck and the card men lost out.

Where are all the organizers? I think it would be nice for them to visit around some and see what we folks are doing. We have not seen one in Ft. Wayne since the Local started. No. 723 is getting along fairly well, but there are still several lineman here, who will not come in, as the Telephone Company lets them hunt another job when they hear he has a card. I think our brother, Local No. 305, inside men, could use some help very handy, as they are striving very hard to keep in existence and are worthy of more support, as our city is well organized and we want to keep it so.

The linemen here are great on doing things in the way of public entertainments to boost their sick and accident fund. We are now working on the cast and make-ups for a minstrel show to be given at the Majestic Theatre, all the proceeds to go to Brother Hyitt, who had both hands burned off and left him a helpless cripple. I am going to give you the reading on the window display cards gotten out by our Local at our first annual ball, which proved to be a great success.

**THE PEOPLE
of Ft. Wayne will be**

SHOCKED

on the evening of Jan. 27, 1915, at the **CONTINUOUS CURRENT**
of people flowing to and from the Tanner's Dancing Academy. The

MAGNET

Drawing this Tremendous Crowd will be the Annual Dance and

ELECTRICAL DISPLAY

given by

LINEMAN'S

Union No. 723. The

VOLTAGE

of Enjoyment at this Event will be so high that your

RESISTANCE

will be of no avail, and we are convinced that after you have made a

SHORT CIRCUIT

around the hall on that night you will have no

GROUND

for complaint and will be willing to admit the

LINEMEN

are

LIVE WIRES

and will never fail to attend any event given by them in the future.

These cards were fourteen by twenty inches and made a very nice display and we were not refused by many merchants to place one in his window.

Indiana's last legislature, held at the capital city of Indianapolis, has just closed and they passed the Workman's Compensation Law, knocked Woman's Suffrage in the head, passed the bill for a new coliseum in Ft. Wayne which means some work for the laboring men and also a new one. "The Lazy Husband Law" which means that men who marry for a living should avoid Indiana or else provide for his family, the penalty being a work-out on the county roads.

A committee has been appointed to revise our Local by-laws as they have been in force since we organized, and are getting behind the times. We pay five dollars a week sick and accident for six weeks, providing the applicant is not more than thirty days in arrears, but I think the time will be lengthened in our new by-laws, as the Local is in good financial condition. We take this means to thank the brother Locals for information respecting their wage scales, as it helped us considerable in making our new agreements.

Well, hoping this finds the Brotherhood prospering, I remain,

Sam E. Evans,
Press Secretary.

CENTRAL NEW YORK DISTRICT COUNCIL.**Editor:**

In looking over the correspondence in the official Journal, I note that Schenectady is among the missing as far as

letters are concerned, so will endeavor to contribute a few lines to *The Worker* as our share of the good work.

I note with satisfaction in reading over the letters from the various organizations, the spirit of co-operation and good feeling that exists among our membership, which is remarkable after the bitter fight we have been through and can only have one result, a larger and a more prosperous and progressive Brotherhood with one object in view, that of making our organization one of the largest and strongest in The American Labor Movement.

I feel as though we have spent time and money enough battling amongst ourselves and that it is now time to turn our attentions to constructive work for the welfare of all and that never again will the membership of our Brotherhood allow themselves to be divided on questions that should be settled in conferences between ourselves.

The conditions in The Electrical Industry at the present time are very bad. Hundreds of our members are out of work, and those that are working are only working three or four days every two weeks, so the brothers can readily see that Schenectady is a bad place to visit in search of work, and the same condition exists in the Building Trades Locals.

I have often wondered if members of Building Trades Locals who install apparatus that should be manufactured by members of our Brotherhood have ever given a thought to the battle for existence that the Locals in The Electrical Industry have. At the present time out of 100,000 men and women employed in the manufacture of electrical appliances, that should be members of our Brotherhood, we possibly have organized about 4,000 and most of them are in Schenectady.

The time has come when the Locals we have organized in the manufacturing industries, must either receive help from their sister organizations in the Building Trades or go out of existence. As we have built our conditions such as they are, so much higher than the unorganized plants that the work that should be done here is being sent to unorganized plants, where it will be done cheaper.

The question may be asked how can the outside Locals assist? By enforcing a demand for our Label on all electrical apparatus and wire handled by members of our Brotherhood. Possibly no other organization in the labor movement has a better chance to co-operate between the man who manufactures apparatus and the man who installs it. Be-

cause what does it matter to the electrical contractor in a town where closed shop conditions exist, whether he purchases apparatus with the Label on or not? If the rank and file will demand in drawing up their working agreements, that all apparatus and wire handled by them shall bear the Union Label, you can readily realize the result of such a move. It would mean that the large corporations who manufacture 90% of the apparatus used in this country, instead of fighting the organizing of their plants would help the cause along.

I do not ask this co-operation on behalf of the shop Locals with the understanding that it will in any way jeopardize the interests of the rank and file, but feel that if this matter is given careful consideration, both when installing apparatus and at your local meetings, it will not be long before results will be attained and the various Locals will be making it part of their agreements that all wire and apparatus used by them shall bear the Union Label.

I note with satisfaction in reading over the minutes of the last Executive Board meeting that this matter was given careful consideration and a plan outlined for the guidance of our International officers, and I feel that if the proper co-operation is given to them by our membership, the Label, the strongest of all weapons in the hands of the workingman, will be established for all time in our Brotherhood. So, come on, boys! Give us a lift on this question. Agitate and boost at your local meetings to have a Label Clause inserted in your working agreement.

Following is a resolution drawn up and endorsed by twelve (12) Locals in this town:

Realizing that without the co-operation of the members of our Brotherhood who install electrical apparatus by demanding that the Union Label appear on all wire and apparatus handled by them, the future of the shop locals looks very dark; therefore be it

Resolved, First, that we petition our International officers to do everything in their power towards the advancement of the demand for the Union Label on electrical apparatus and the throwing out of apparatus not bearing same.

Second, that we earnestly request the co-operation and assistance of our membership at large on this proposition.

Thanking our International and brothers for any assistance they may be able to give, and with best wishes for the future welfare of our Brotherhood, I remain,

Fraternally yours,

C. D. Keaveney.

Telephone Operators Section

L. U. NO. 6a, BEDFORD, MASS.

Editor:

We wish to extend through you public thank and appreciation for the quick action and consideration of the I. B. E. W.

I am going to relate to you an incident which occurred in our exchange a short time ago which showed us the great benefits derived from the union.

Our all night operator, Miss Grimes, was notified on Thursday that her services as night operator were no longer required as there was going to be only one girl at night and she could have any one she wished to keep her company. This was done on the plea that the building was inhabited.

Miss Grimes was then offered three hours' work each evening and her companion was to work days temporarily.

The case was immediately forwarded to Sister St. John, the organizer of Local No. 12A, and the matter was placed with the adjustment board of Boston.

The board consulted Mr. Bower and within twenty-four hours the affair was satisfactorily straightened and the work was to go on just the same.

Fraternally yours,

Margaret E. Mansfield,
Press Secretary.

L. U. NO. 8A, BOSTON, MASS.

Editor:

That Local No. 8A is fully alive to the value of systematic effort in enlisting fellow-employees to the ranks of organized labor our present membership of one hundred forty-three well-demonstrates. No army or navy recruiting officer could have done his duty more thoroughly than Miss Margaret I. Burns, President of the Local, who, in common with many enthusiastic sisters, has achieved so much for the cause of the workers. Every one of the clerical departments of the company is now represented; and future campaign work will be devoted also to a more liberal interpretation of the principles for which the International Brotherhood of Electrical Workers stands.

A change in personnel having become necessary through the resignation from the company of Mrs. Grace Kendricks, Miss Marie W. Bliss has been appointed to the office; and there is every reason to believe the newcomer will show the

same loyalty and devotion to its requirements as characterized her predecessor's work.

Several questions of importance have engaged the attention of Local No. 8A during the last few weeks; and I am pleased to be able to report that each has been settled amicably, to the satisfaction of all concerned.

On April 5, 1915, Miss Annette M. Long of the Commercial Department was given a linen shower on account of her forthcoming marriage to Mr. Cornelius A. Murphy of Local No. 202. More than fifty members were present; and after the close of business the hall was opened for refreshments and dancing in which members of Local No. 202, who met in a room adjacent, were invited to take part.

When one remembers the sorrows and privations forced on the workers in Europe, a grim consequence of the present terrible war, it creates a feeling of deep sympathy with their situation as opposed to one of thankfulness at one's own comparative security, far across the seas, from the doctrine of the sword. It is the earnest hope of every member of Local No. 8A that these nights of darkness will soon be followed by days of peace during which the warm sunshine of progress shall beam on workers everywhere.

Fraternally yours,

Ethel R. Blaine,
Press Secretary.

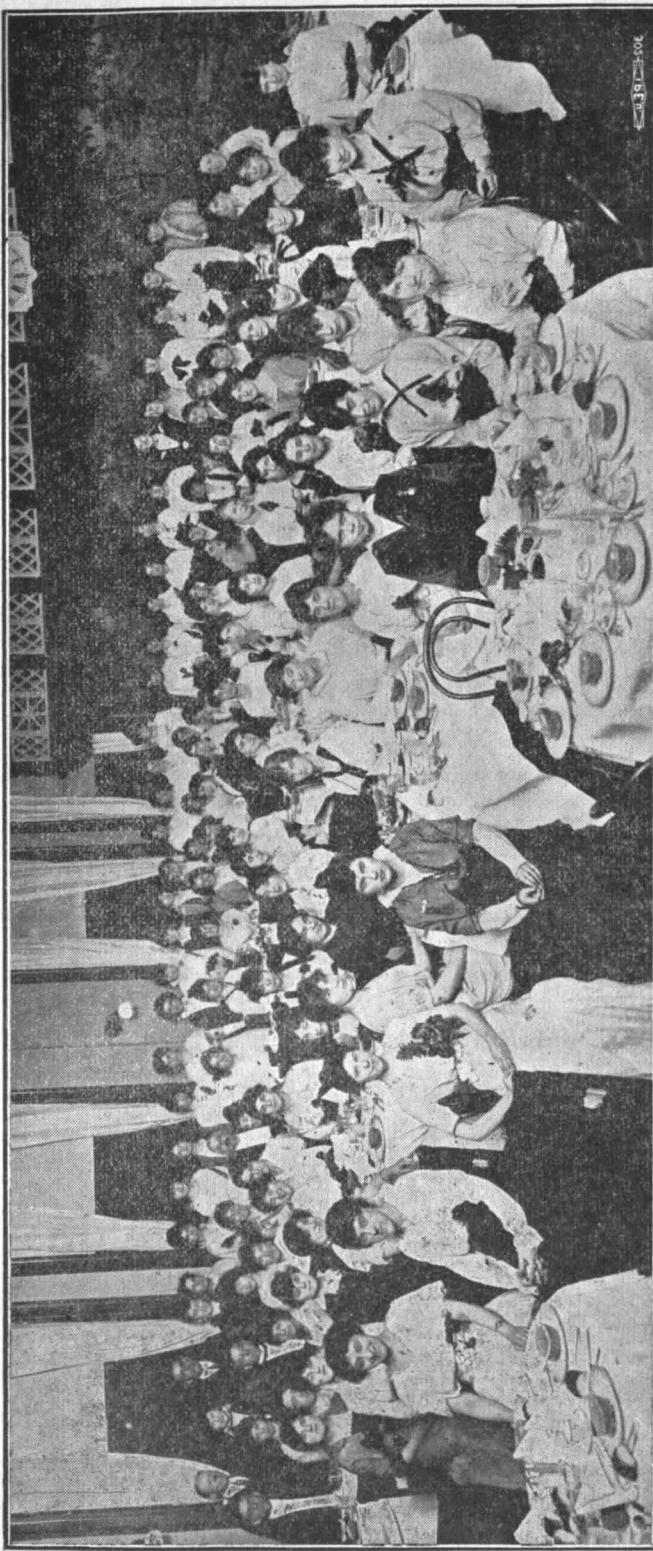

L. U. NO. 10A, MARLBORO, MASS.

Editor:

Marlboro Local 10A has not figured a great deal in your valuable paper because our Press Agent has been continually under the weather and unable to attend our meetings regularly.

We have had a great deal of illness to contend with in our small Local, but all are again able to be at work and we think will again be able to attend our meetings regularly. We have had some very interesting meetings and with each sister trying to do her part faithfully overlooking the faults in one another and finding only the good we shall hope to make Local No. 10A stand for all that is good.

We have not had a chance as yet to shine in the "Social World," but on April 7 we shall give a military sketch and

Members of L. U. No. 5a, Worcester, Mass., at the festive board.

dance in A. O. H. Hall with Flannigan's orchestra assisting. The sisters are interested into the spirit of the affair and are doing all in their power to make it a success.

No little credit is due the Hudson sisters who are affiliated with Local No. 10A for the manner in which they are doing all in their power to make this affair an epoch in the history of Local No. 10A. A late car will be run to Hudson after the dance for the benefit of those who have purchased tickets.

We wish to thank all other unions who have helped us to make it possible for us to start a sick benefit fund. All who have purchased tickets have helped to make this possible. No matter how small the amount we shall make from this we feel that at least it is a beginning.

Thanking you kindly for the space allotted Local No. 10A, I am

Fraternally yours,

Lilian E. M. Pratt,
President.

PRACTICAL HINTS

TROUBLES OF ALTERNATING-CURRENT GENERATORS.

The following causes may prevent alternating current generators from developing their normal electro-motor force.

The speed of the generator may be below normal.

The switchboard instruments may be incorrect and the voltage may be higher than that indicated, or the current may be greater than is shown by the readings.

The voltage of the exciter may be low because its speed is below normal, or its series field reversed, or part of its shunt field reversed or short circuited.

The brushes of the exciter may be incorrectly set.

A part of the field rheostat or other unnecessary resistance may be in the field circuit.

The power factor of the load may be abnormally low.

Causes of Shut-downs of Induction Motors.

Sometimes there is trouble from blowing fuses. Or possibly, and more serious, the fuses do not blow and the motor, perhaps humming loudly, comes to a standstill. Under these conditions the current may be ten times normal, so that the heating effect, being increased as the square of the current or one hundred fold, causes the machine to burn out its insulation.

Since the torque or turning power of an induction motor is proportional to the square of the applied voltage (one-half voltage produces only one-quarter torque), it is evident that lowering the voltage has a decided effect upon the ability of the motor to carry the load, and may be the cause of its stopping. Another cause may be that the load on the motor is more than equal to the maximum output.

The bearings may have become worn, so that the air gap (which ordinarily is not much over 0.040 inches and on small motors as small as 0.015 inches) has been gradually reduced at the lower side of the rotor to practically zero. The rotor commences to rub on the stator. The friction soon becomes so great that it is more than the motor can carry. The result is that it shuts down.

A shutdown may be due to bearings introducing excessive friction. Hot bearings in turn may be due to excess of belt tension, dirt in the oil, oil rings not turning or unproper alignment of motor to the machine that it drives. Hence under such conditions, it should be ascertained whether the voltage has been normal, whether the air gap is such that the armature is free from the field, and whether the load imposed upon the motor is more than that for which it was designed.

Rarely, shutting down may be due to the working out of the starting switch, which may be located within the armature. Such a switch is operated by a lever engaging a collar which bears on contacts which, as they move inward, cut out the resistance in series with the rotor winding and located within it.

If the short circuiting brushes work back, introducing resistance into the armature circuit while the machine is trying to carry a load, it will at once slow down in speed and probably stop, usually burning out the starting resistance. Of course this can occur only from faulty construction. The remedy is to fit the brushes properly so that they will not work out. It is well to inspect them often.

Low Torque While Starting Induc. Motors.

Although the circuit to the motor be closed, sometimes it does not. The same general laws of voltage apply to the

motor at starting as when running. Hence the points mentioned under "shutdowns" should be investigated and if necessary corrected. The resistance, which is frequently inserted in the armature, may be short-circuited, thus giving, a low starting torque. Unless a starting compensator is used for starting, it is necessary, in order to obtain a proper starting torque with a reasonable current, that a resistance be inserted in the rotor circuit. The resistance not only limits the current, which would, with the motor standing still be large, but it causes the current of the armature to assume a more effective phase relation, so that with the same current a far larger torque is obtained. A partial or complete short circuit of the resistance partially or wholly ruins the starting torque.

When a new induction motor is received, it sometimes happens that in attempting to operate the machine, it will start, the currents are excessive and unbalanced, undue heating appears, or a peculiar noise is emitted and accompanied possibly by dimming of the lights on the same circuit and the lowering of speed with perhaps actual shut down of other induction motors thereon. If after examination, the air gap, belt tension starting resistance and bearings are found O. K. the probabilities are that the motor has been wrongly connected at the factory of the manufacturer or the winding has received some damage during transportation. There are certain indications of this condition shown by various readings, so that it may become important to locate the winding trouble and correct it.

These faults may consist of, in a three phase motor:

1. One coil of the armature open circuited. The armature may have a defective winding just as does the field. This is the construction when a starting resistance is used. When a compensator is used and no starting resistance is required.

2. Two coils or phases of the armature open circuited.

3. Armature connected properly, field coil or phase reversed.

4. Part of field short-circuited.

5. One phase of the field open-circuited.

Belt Trouble.

The belt on any belt connected machine should be tight enough to run without slipping, but the tension should not be too great or the bearings will heat. The crowns of the driving and driven pulleys should be alike as "wobbling" of belts is sometimes caused by pulleys having unlike crowns. If this is caused by bad joints, they should be broken and made over again. A wave motion or flopping is usually caused by slipping

between the belt and the pulley, resulting from grease spots, etc. It may, however, be a warning of excessive overload.

This fault may sometimes be corrected by increasing the tension but a better remedy is to clean the belt. A back and forth movement is caused by an unequal stretching of the belts edges. If this does not cure itself shortly, examine the joints. If they are evenly made, and remains so, the belt is bad and should be discarded.

Chemical Plant Wiring.

Lead cable sheaths, iron conduit and slate are usually attacked by vapors, while porcelain, as a rule, is not. The following method has been used in one prominent plant installing conductors.

Wires having a weather-proof insulation are installed in hard wood moulding and buried in tar in the grooves. Both the moulding base and capping are covered with a thick coating of tar before they are installed and also afterward. For lamp outlets moulding receptacles are used. Before each lamp is screwed into the socket, a ring of heavily tarred wire is slipped over the base. This ring seals the opening and prevents the entrance of corrosive vapors into the receptacle. The entire installation moulding and fittings should be coated with tar.

SYMPATHY.

High up with Death, o'er the busy street,
Cross-arms and wires, all covered with
sleet,

Why are you cautious? O lineman brave,
Why on your face a look so grave?
Is it a sweetheart far away, or perhaps
a mother old and gray,
Or maybe a wife and baby dear,
So come, brave lineman, be of good
cheer.

Last summer you whistled and sang
with glee,
Like a great big robin, so happy and free,
But yours is a hazardous work, indeed
And I watch, as I sit by my window to
read,

Your simian antics make me smile.
(Sounds very nice in a poem);
But will he be able to dry his rags
When he goes to his place called home?

But look! "a gasp," a sigh and so,
They lower him down to his pals below.
Is it a sweetheart far away,
Or perhaps a mother, old and gray,
But the newspapers had this much to
say,

John Smith, lineman, killed today.

M. F. M., L. U. No. 213.

Elementary Lessons in Electricity and Magnetism

LESSON XXVI.—*Electromagnets.*

(Continued from last issue.)

In a long straight solenoid without an iron core it is easy to calculate approximately the intensity of the magnetic field produced by the current. For, as we have seen in Art. 319, the work done on a unit magnetic pole in moving it (against the magnetic forces along a path which threads through the circuit n times) is equal to $4\pi ni$ ergs, where current i is expressed in absolute units (Art. 196.) But since the work done on a unit pole measures the magnetic potential (Art. 310), we may say that the difference of magnetic potential between one end and the other of the long solenoid is equal to $4nni$. But when the magnetic potential changes as you go along a line, the rate of change of potential per unit of length is a measure of the magnetic force (Art. 310, e). If l be the length of the solenoid in centimetres then $4nni \div l$ will be the intensity of the magnetic force inside the solenoid. And since the intensity of the magnetic force is the same thing as the intensity of the magnetic field at that point, we may say that this number represents the number of lines of magnetic force per square centimetre of the cross-section of the solenoid. If H stands for the intensity of the field thus produced inside the solenoid and if the radius of the spirals be r , and the whole number of magnetic lines N running through the solenoid from end to end will be equal $H \times nr^2$. Hence we have—

$$H \text{ (inside solenoid)} = \frac{4nni}{l},$$

$$N \text{ (through solenoid)} = nr^2 \times \frac{4nni}{l};$$

and since (see Art. 312) $4n$ magnetic lines go to one unit of magnetism, the solenoid will act as if it had at its ends as the amount of magnetism m in its poles—

$$m = \frac{nr^2ni}{l}.$$

If the current is expressed in amperes—for which we may use the letter C —we must remember that ten amperes equal one absolute unit (Art. 196), and therefore $C \div 10 = i$. The formulae will then become—

$$N = \frac{4n^2r^2}{10l} Cn,$$

$$m = \frac{nr^2}{10l} Cn.$$

It will be noticed that for any solenoid of given length and radius the three magnetic quantities H (interior magnetic

force), N (total magnetic lines), and m (strength of poles) are proportional to the amperes of current and to the number of turns in the coil. The product Cn which thus comes into all solenoid formulae is often referred to as the number of ampere-turns.

330. The Laws of the Electromagnet.

—The exact laws governing the electromagnet are somewhat complicated; but it is easy to give certain rules which are approximately true. The current circulating in the coils exercise a magnetising force, and this magnetising force produces in the iron core a certain amount

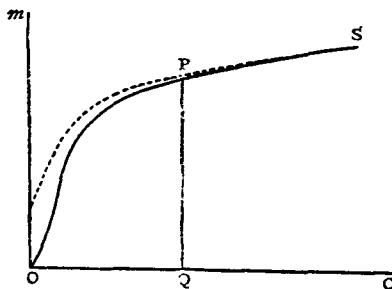

Fig. 118 (bis).

of magnetism. But the amount of magnetism produced in the core depends on many other things beside the intensity of the magnetising force; for instance, it depends on the quality of the iron, on its sectional area, and on its length and form. The data respecting magnetic permeability and saturation of iron in Art. 313 are all-important. Every electromagnet shows the same general set of facts—that with small exciting currents there is little magnetism produced, with larger exciting power there is more magnetism, and that with very great exciting power the iron becomes practically saturated and will take up very little additional magnetism. The curve given in Fig. 118 (bis) is characteristic of the relation between exciting power and the resulting magnetism. The numbers of amperes of current C (or, if preferred, the number of ampere-turns Cn) are plotted out horizontally to scale, and the corresponding amount of magnetism m vertically. For example, when the exciting current has the value indicated to scale by the length of the line OQ , the amount of magnetism was found to be such, on its scale, as to be represented by the length QP . The point P is a point on the curve. It begins at O , no magnetism when there is no current; then it rises steeply and obliquely for some time, then bends over at S becomes nearly horizontal, the iron being nearly saturated. The dotted curve

corresponds to the value of magnetism found when the exciting current is gradually decreased. It will be noted that when the current is reduced to zero there is still some magnetism left. Many attempts have been made to represent by algebraic formulae the facts that are thus graphically exhibited. Some of these deserve mention.

Formula of Lenz and Jacobi.—According to Lenz and Jacobi the magnetism of an electromagnet is proportional to the current and to the number of turns of wire in the coil—in other words, is proportional to the ampere-turns. Or in symbols—

$$m = a n C,$$

where a is a constant depending on the quantity, quality, and form of iron. This rule is, however, only true when the iron is already strongly magnetised—as at P in the Fig.—a current twice as strong will not double the magnetisation in the iron. Joule in 1847 showed this tendency to depart from a simple proportion.

Formula of Muller.—Muller gave the following approximate rule:—The strength of an electromagnet is proportional to the angle whose tangent is the strength of the magnetising current; or

$$m = A \tan^{-1} C,$$

where C is the magnetising current, and A a constant depending on the construction of the particular magnet. If the student will look at Fig. 90 and imagine the divisions of the horizontal tangent line OT to represent strengths of current, and the number of degrees of arc intercepted by the oblique lines to represent strengths of magnetism, he will see that even if OT be made infinitely long, the intercepted angle can never exceed 90°.

Formula of Lamont and Frolich.—A simpler expression, and one more easy for algebraic calculation has lately come into use, and forms the basis of Frolich's calculations about dynamo-electric machines. We may write it thus:—

$$m = M \frac{C}{1 + bC},$$

where M and b are constants depending on the form, quality, and quantity of the iron, and on the winding of the coil. The constant b is the reciprocal of that number of amperes which would make m equal to half possible maximum of magnetism. Another form of this equation is—

$$m = B \frac{nC}{1 + onC},$$

wherein B is a constant depending on the construction and the quality of the iron, and o another constant (a small fraction) depending on the quality and quantity of the iron, and equal to the reciprocal of that number of ampere-turns which would bring the magnetism up to half-saturation.

Yet another form of this equation is of use to express the number of magnetic lines N proceeding from the pole of the electromagnet—

$$N = Y \frac{C}{C + C'},$$

where Y represents the maximum number of magnetic lines that there would be if the magnetising current were indefinitely increased and the iron core saturated, and C' stands for that number of amperes which would bring the magnetism up to half-saturation.

Hopkinson's Formula.—Hopkinson has shown that it is possible to calculate N by a process resembling the calculations made according to Ohm's law for electric circuits. We may look upon the iron cores and the armature of an electromagnet as constituting, together with the spaces between, a sort of magnetic circuit traversed by the magnetic lines. Just as we can calculate in an electric circuit the amount of current when we know the electromotive-force and the electric resistance round the circuit, so in a magnetic circuit we can calculate N if we know the magnetomotive-force (or the line-integral of the magnetising forces acting round the circuit) and the several resistances of the different parts of the circuit. Now the magnetomotive-force is equal to (see Arts. 319, d, and 329) $4nCn - 10$. The magnetic resistance of any magnetic conductor is proportional to its length, and inversely proportional to its sectional area and to its permeability. Suppose then we have a magnetic circuit made up of three parts—a curved iron core of length l_1 , section s_1 , and permeability u_1 ; an armature of length l_2 , section s_2 , and permeability u_2 ; two air-gaps between them, of length (from iron to iron) of l_3 , section (equal to area of polar surface) s_3 and of unit permeability (for air, $u = 1$); then the resistances of these three parts will be respectively. Then dividing the magnetomotive-force by the total magnetic resistance we get—

$$N = \frac{4nCn}{10 \left\{ \frac{l_1}{s_1 u_1} + \frac{l_2}{s_2 u_2} + \frac{2 l_3}{s_3} \right\}},$$

giving the number of magnetic lines of the magnet in terms of the ampere-turns of excitation. It is necessary, however, to know the values of u of the various pieces of iron at the various stages of excitation. Hopkinson has applied this formula with great success in calculations about dynamo-electric machines. Analogous formulae have been used by Rowland and by Kapp.

It may be noted that when electromagnets are wound with many turns of fine wire, these coils will add to the electric resistance of the circuit, and will tend to diminish the current. This has an

important bearing on the construction of telegraphic and other instruments; for while electromagnets with "long coils," consisting of many turns of fine wire, must be used on long circuits where there is great resistance, such an instrument would be of no service in a circuit of very small resistance, for the resistance of a long thin coil would be disproportionately great: here a short coil of few turns of stout wire would be appropriate. (See Art. 352.)

As the magnetism of the magnet depends on the number of ampere-turns, it should make no matter whether the coils are bigger than the core or whether they enwrap it quite closely. If there were no magnetic leakage this would be true in one sense: but it wastes more battery power to drive the current round coils of larger diameter, because of the greater resistance of the greater length of wire. Hence in well-constructed electromagnets the coils are all wound as closely to the iron core as is consistent with good in-

sulation. Also the iron is chosen as thick as possible, as permeable as possible, and forming as compact a magnetic circuit as possible, so that the magnetic resistance may be reduced to its utmost, giving the greatest amount of magnetism for the number of ampere-turns of excitation. This is why horse-shoe-shaped electromagnets are more powerful than straight electromagnets of equal weight.

It requires time to magnetise an iron core. This is partly due to the fact that a current, when the circuit is first made, does not instantly attain its full strength, being retarded by the self-induced counter-electromotiveforce (Art. 404); it is partly due to the presence of transient reverse induction currents (Art. 393) in the iron itself. Faraday's large electromagnet at the Royal Institution takes about two seconds to attain its maximum strength. The electromagnets of large dynamo machines often take ten minutes or more to rise to their working stage of magnetisation.

Local Union Directory

This directory is compiled from the quarterly report, if not properly classified, it is because no report, or an imperfect one, has been furnished. Local secretaries should promptly report any changes.

Locals are composed of branches of the trade, as per the following signs:

(a) Mixed.	(f) Cable Splicers.
(b) Linemen.	(g) Switchboard Men.
(c) Inside.	(h) Shopmen.
(d) Trimmers.	(i) Fixture Hangers.
(e) Crane men.	(j) Telephone Operators

(c) No. 1, St. Louis, Mo.—Meets Tuesday night at 604 N. Leffingwell Ave. President, J. T. Farrell, 1308 Armstrong Ave.; Vice President, R. P. Underwood, 3338 A. Kennerly Ave.; Financial Secretary, W. B. Smith, 604 N. Leffingwell Ave.; Recording Secretary, John Ledbetter, 4008 Penrose St.; Treasurer, J. M. Thompson, 4010 Sullivan Ave.

E. B. Meets every Friday night.

(b) No. 2, St. Louis, Mo.—Meets Monday night at 2714 Olive. President, M. L. Purkey, 2714 Olive St.; Vice President, W. Kirkendall, 2714 Olive St.; Financial Secretary, Harry Cookendorfer, 2714 Olive St.; Recording Secretary, J. R. Green, 2714 Olive St.; Treasurer, Wm. Lantz, 2714 Olive St.

(b) No. 4, New Orleans, La.—Meets second and fourth Wednesdays of each month at Eagle Hall, 1014 Canal St. President, John King, 222 N. Robertson St.; Vice President, F. Spies, 318 S. Rendon St.; Financial Secretary, H. A. DeBrueys, 3518 Annunciation St.; Recording Secretary, Paul Radetel, 1481 N. Robertson St.; Treasurer, J. Howley, 516 Magazine St.

(b) No. 5, Pittsburgh, Pa.—Meets every Friday night at McGeach Bldg., 607 Webster Ave. President, F. J. Willenhart, 214 Wattie Lane; Vice President, H. E. Kennedy, Arch St., N. S., Pittsburgh, Pa.; Financial Secretary, H. McDougall, 178 Ridener Ave.; Crafton, Pa.; Recording Secretary, T. J. Keilhacker, 1807 Olivant St.; Treasurer, J. F. Wynn, 227 Ella St.

(c) No. 6, San Francisco, Cal.—Meets Wednesday at Building Trades Temple, 200 Guerrero St. President, P. G. Brigaerts, 200 Guerrero St.; Vice President, E. J. O'Brien, 200 Guerrero St.; Financial Secretary, P. A. Clifford, 200 Guerrero St.; Recording Secretary, A. Elken, 200 Guerrero St.; Treasurer, G. M. Fisk, 2417 Folsom St.

(c) No. 7, Springfield, Mass.—Meets every Monday at Colonial Bldg., 525 Main St. President, W. F. Kavanagh, 221 Summer St.; Vice President, Warren Brown, 88 Pearl St.; Financial Secretary, J. A. Beauchemin, 81 Pynchon St.; Recording Secretary, Erbert Ayers, 78 Adams St.; Treasurer, Greg. Roos, 408 N. Main St.; Business Agent, J. A. Beauchemin, 81 Pynchon St.

(c) No. 8, Toledo, Ohio.—Meets every Monday at Swiss Hall, Monroe St. President, T. Craham, 670 Fernwood Ave.; Vice President, Ed Goralski, 1221 Buckingham St.; Financial Secretary, Robert Hammer, 125 Canal St.; Recording Secretary, J. C. Peterson, 1066 Palmwood Ave.; Treasurer, Joe Christ, 906 Bricker Ave.

(b) No. 9, Chicago, Ill.—Meets every Friday at 740 W. Madison St. President, R. A. Brehman, 24 S. Whipple St.; Vice President, J. Lampkin; Financial Secretary, L. M. Fee, 2203 W. Monroe St.; Recording Secretary, A. M. Parish, 1007 N. Laramie Ave.; Treasurer, J. J. Dassie; Business Agent, V. C. Fish, 740 W. Madison St.

No. 11, Akron, Ohio.—Financial Secretary, Fred Gillette, 50 W. Market St.

(a) No. 12, Pueblo, Colo.—Meets Friday at Trades Assembly Hall, cor. 3d and Sante Fe. President, Jack Flattery, 527 W. 7th; Vice President, Richard Clee, 1010 E. Routt Ave.; Financial Secretary, C. L. Griffin, 1708 Spruce St.; Recording Secretary, Edward R. Walker, 618 E. 5th St.; Treasurer, J. F. Campbell, 119½ Central Main St.

(b) No. 14, Pittsburgh, Pa.—Meets every Friday night at 8 o'clock at McGeagh Bldg., 607 Webster Ave., (8th floor). President, Wm. Sheehan, 9 Slyvan Ave.; Vice President, R. F. Gordon, 22 W. Lackow St., N.S.; Financial Secretary, Edw. J. Welty, McGeagh Bldg., 607 Webster Ave.; Recording Secretary, G. A. Stockdale, Box 476, Dravosburg, Pa.; Treasurer, H. J. Norris, 74 Lombard St., N.S.

(b) No. 15, Jersey City, N. J.—Meets second and fourth Fridays of each month at Pohlman's Hall, Ogden Ave. President, A. M. Baxter, 52 Tuor Ave.; Vice President, J. E. Carter, 88 Reservoir Ave.; Financial Secretary, H. Haggstrom, 4431 3d Ave., New York, N. Y.; Recording Secretary, H. W. Liddy, 119 Weehawken St., W. Hoboken, N. J.; Treasurer, H. Haggstrom, 4431 3d Ave., New York, N. Y.

No. 16, Evansville, Ind.—Meets first, third and fifth Sundays, A. M., and Monday night after second and fourth Sundays at 306 Up 1st St. President, Wm. Schlaege, 305 Mulberry St.; Financial Secretary, J. G. Brill, 604 4th Ave.; Recording Secretary, Rex Cason, 1120 East Maryland.

(b) No. 17, Detroit, Mich.—Meets every Monday at St. Alcyocius, Park St. President, Geo. E. Harrison, 649 Roosevelt Ave.; Vice President, P. G. Croft, 449 Elmwood Ave.; Financial Secretary, John E. Packard, 367 High St., W.; Recording Secretary, Harry T. Hunt, 301 (Old) Telegraph Bldg.; Treasurer, Geo. Burns, 1468 24th St.

No. 19, Atchison, Kan.—Financial Secretary, W. H. Coleman, 1029 Laramie St.

No. 20, New York, N. Y.—Meets first and second Fridays of each month at 150th St. and Courtlandt Ave., Courtlandt Casino. President, W. H. Hogan, 2410 2d Ave.; Vice President, Louis Bittner, 311 E. 135th St.; Financial Secretary, Jos. E. Healey, 730 E. 134th St.; Recording Secretary, J. H. Ruhlon, 260 Varick St., Jersey City; Treasurer, Jos. E. Healey, 730 E. 134th St.

(b) No. 21, Philadelphia, Penn.—Meets every Friday, 8 p. m. at N. W. Cor. 10th and Buttonwood Sts. President, B. Chambers, 632 N. 13th St.; Vice President, Theo. H. Wotochek, 2033 Cuthbert St.; Financial Secretary, W. T. McKinney, Westville, N. J. Recording Secretary, H. T. Blackadar, U. G. I. Bldg., Broad and Arch Sts.; Treasurer, W. Wood, 2633 S. 8th St.

(c) No. 22, Omaha, Neb.—Meets Friday nights at Eagles' Hall, 1410 Harney. President, Chas. Rhamay, 929 S. 22d St.; Vice President, Claude Howell, 3225 Pratt St.; Financial Secretary, L. A. Harmon, 3711 N. 19th St.; Recording Secretary, Gus Lawson, 137 Cedar St.; Treasurer, J. P. Brown, 2803 Shirley St.

(b) No. 23, St. Paul, Minn.—Meets first and third Mondays at Federation Hall, Wabasha and 3d St. President, M. V. Armacost, 73 W. College Ave.; Vice President, Wm. Morgan, 755 Edgerton St.; Financial Secretary, Leo Mitchell, 225 St. Anthony Ave.; Recording Secretary, C. A. Peterson, 830 4th Ave., S., Minneapolis, Minn.; Treasurer, Wm. F. Schoeneman, 1111 Goff Ave., W. St. Paul, Minn.; Business Agent, Jno. Reddy, 401 Aldine Ave.

No. 24, Minneapolis and St. Paul, Minn.—Financial Secretary, M. F. Shafer, 407 N. Exchange St., St. Paul, Minn.

No. 25, Terre Haute, Ind.—Financial Secretary, Jas. G. Meredith, 605 S. 25th St.

(c) No. 26, Washington, D. C.—Meets every Thursday at Building Trades Hall, No. 3, 8th and G. Sts., N. W.; President, D. W. Yeabower, 404 Eye St., N. W.; Vice President, C. Frayser, 812 11th St., N. W.; Financial Secretary, B. A. O'Leary, 1102 L St., N. W.; Recording Secretary, Edward Nothnagel, 110 R St., N. W.; Treasurer, O. H. Ross, 1214 Eye St., N. W.
